Kizashi

Way of Life!

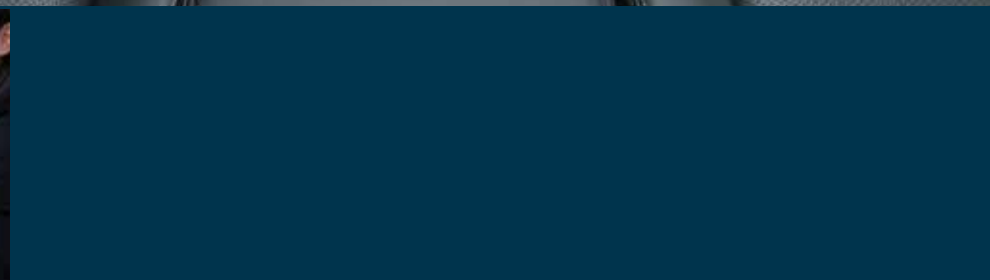

Meticulously crafted to excel

In the Kizashi, sportiness is only half the story. In equal measure, the Kizashi is luxurious and beautifully crafted to expand your view of what a sedan should be. In every control you touch. On every beautiful surface upon which you gaze. In the pristine quiet of a sensuous cabin. You experience craftsmanship that inspires greater passion for driving.

A sensuous experience

Take a seat. Gently close the door. Now, listen and absorb the quiet. Silence is more than the absence of sound. Inside the Kizashi, it possesses an ephemeral texture you can almost feel. Harmony and stillness are reflections of the extraordinary craftsmanship that went into every detail of the cabin. Enveloped in this soothing atmosphere, you feel at one with the spacious surroundings.

Experience total focus.

From the moment you settle into the Kizashi's 10-way power-adjustable driver's seat, you find your senses completely engaged. At a glance, your eyes take in the sporty instrumentation; the minimalist design maximises your focus. You note that the switches and controls are all positioned where you intuitively expect to find them. You adjust the steering wheel and allow your fingertips to brush the shift paddles and other key driving controls. Every colour and texture you see is subdued and refined, and the symmetrical design of the instrument panel adds to the sense of quality and sportiness. Beautifully crafted details like a satin finish on the shift lever provide further inspiration. It's simplicity with a higher purpose: to allow you to focus on the road and the pleasure of driving.

Keyless Push Start System: Kizashi driving exhilaration begins with a push of a racing-car-style engine-start button.

Automatic Lamps: The headlamps automatically light up and have automatic leveling to minimize hazardous driving conditions by improving road visibility.

Cruise Control: The cruise control buttons are intuitively placed on the right side of the steering wheel to adjust vehicle speed, providing both comfort and control.

Transmission: The continuously variable transmission (CVT) with paddle shifter makes driving easy by constantly adjusting its operation to suit driving conditions. If you prefer, you can choose six-speed manual transmission.

Auto-Dimming Rearview Mirrors: The rearview mirror with auto-dimming technology darken automatically in response to the headlamp glare of rearward-approaching vehicles.

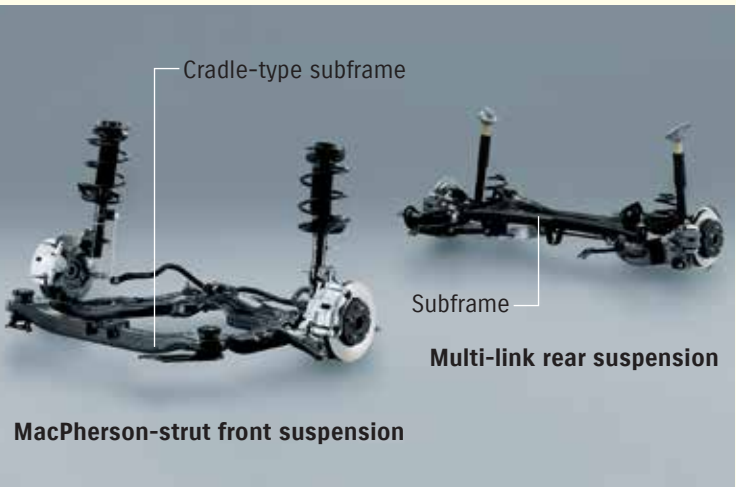

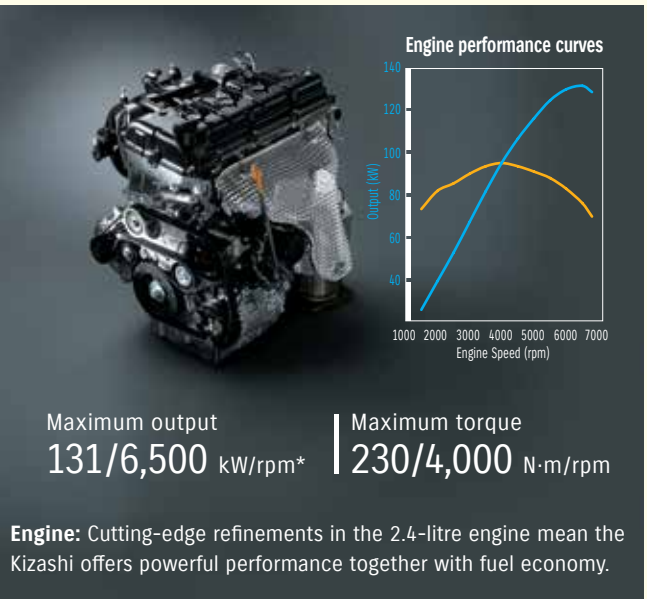

Windshield Wipers With Rain Sensor: Kizashi gives you a precise sense of awareness of the conditions around you. The windshield wipers are automated with rain sensors to give you enhanced visibility on rain-filled days.

Headlamps: Rings of light encircle around the headlamp bulb openings with washers installed for clear light projection. With a beautiful silver finish inspired by jewellery, the lenses and other elements create contrasting visual textures.

Keyless Entry: Take advantage of the keyless entry, with locking and unlocking system as well as trunk opening function.

Technology for starting your senses

The Kizashi's confidence-inspiring performance comes via state-of-the-art technologies. A 2.4-litre engine developed specially for the Kizashi combines powerful performance with exceptional quietness and fuel economy. There's a choice of a six-speed manual transmission or a continuously variable transmission (CVT) that shifts automatically for great performance and fuel economy. And the suspension is designed to give a ride that balances sportiness with refinement.

Suspension: A highly rigid and light suspension system gives great handling. It has subframes with floating structures to ensure that the ride is also smooth and quiet.

Room for things large and small

On the road, you needn't want for anything because well-crafted storage spaces such as an overhead console box are close at hand. The boot has an ample 461 litres of space, which you can easily use for diverse purposes thanks to a split rear seatback that can be folded down to expand the luggage space into the cabin.

Climate control: The automatic air conditioner adds comfort for everyone. It even lets the driver and front passenger choose different temperatures.

Audio controls: An audio control panel with soft-touch buttons in a simple layout complements your listening pleasure.

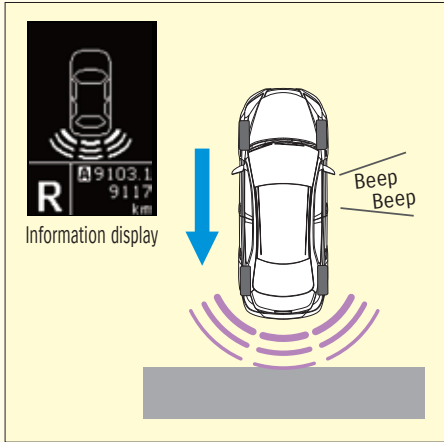

Storage: The centre-lower box in the instrument panel contains a USB port and a power socket, making it an ideal spot for an iPod®*.

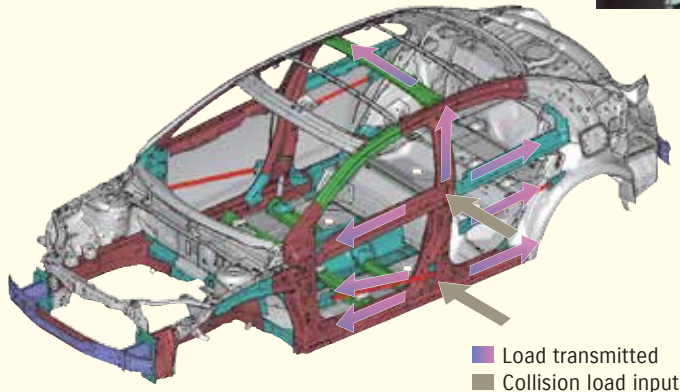

Boot: The boot is big enough for four golf bags or one large and two medium-size suitcases. A boot-through opening in the rear seat lets you stow long items of luggage without folding the rear seatback.

*iPod is a trademark of Apple Inc., registered in the United States and other countries.

Parking sensor system*2: To help you park, front & rear ultrasound sensors with ON/OFF function monitor the space behind the Kizashi and sound a beeper to warn you of any nearby obstruction. The length of the intervals between beeps shows the distance to the obstruction.

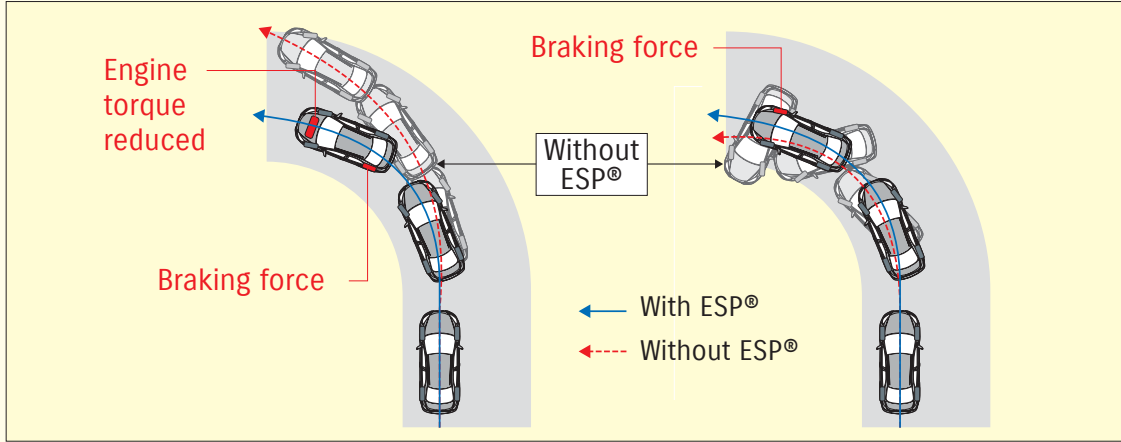

Body: The Kizashi's body is light and strong thanks to extensive use of high-tensile steel. It combines structures that absorb and disperse impact energy with a deformation-resisting cabin structure. New advances over earlier bodies include greater underfloor strength for resistance to impact forces from all directions.

*1 ESP is a registered trademark of Daimler AG. The ESP® is designed to help keep the Kizashi under control. However, its effectiveness depends on driving conditions and the state of the road surface. If the tyres exceed their grip limit and the wheels start to spin or skid, it may not be fully effective.

*2 This system is not intended to free you from paying attention to safety when parking. Please ensure safety whenever you park the Kizashi.

*3 The driver and all passengers must properly wear the seatbelts at all times, as the airbags are designed to supplement the seatbelts. Depending on the nature of an impact, the airbags may not deploy.

ESP®(Electronic Stability Program)*1: To maximise the driver's control and make driving safer in various conditions, an ESP® helps to prevent wheelspin and skids by applying control to the engine and brakes when necessary.

SRS Airbags*3: Extensive protection in the cabin includes two front airbags, a side airbag in each front seat, and left and right curtain airbags.

Major Equipment

Grade		SDLX
Spare tyre and wheel	Full size	S
EXTERIOR		
Boot opener	Remote-controlled + electromagnetic	S
VISIBILITY		
Headlamps	High-intensity discharge (HID) projector	S
	Washers	S
Headlamp leveling device	Automatic	S
Automatic lamps		S
Fog lamps	Front	S
Side turn-signal lamps		S
Green-tinted windows		S
Wipers	Front: 2-speed (low, high) + auto (with rain sensor) + washer	S
Rear window demister		S
Outside door mirrors	Electrically adjustable & retractable	S
Auto-dimming rearview mirror		S
STEERING AND INSTRUMENT PANEL		
3-spoke steering wheel	Leather-covered	S
	Audio switches	S
	Information display switches	S
	Cruise-control switches	S
Shift paddles	CVT	S
Tilt- and telescope-adjustable steering wheel		S
Information display integrated into meter cluster	Outside temperature gauge	S
	Fuel consumption gauge (instantaneous/average)	S
	Distance until tank empty	S
	Average speed	S
	Gear position indicator (CVT)	S
Light-off and key reminder	Alarm	S
Door ajar reminder		S
Low fuel warning	Lamp	S
DRIVING AMENITIES		
Electric windows	With anti-pinch sensors	S
Central door locking	Switch: Driver's side	S
Remote-control door locks	With hazard lamp answerback function	S
	With boot-open function	S
Keyless push start system		S
Automatic climate control	Dual-zone with driver and front passenger temperature controls	S
Rear vents + rear heater ducts		S
Dust and pollen filter		S
Audio	Speaker x 4 (front and rear door trims)	S
	Tweeter x 2	S
	Subwoofer x 1	S
	Dashboard-centre speaker x 1	S
	CD tuner + MP3 playback function	S
		S
		S
INTERIOR		
Cabin lights	Front map light	S
	Front cabin light (3-position)	S
	Rear cabin light (3-position)	S
	Boot light	S
	Glove box light	S
	Footwell light (both front seats)	S
	Shifter light	S
	Courtesy light (front doors)	S

Sun visors (both sides)	With ticket holders + vanity mirrors + illumination function	S
Assist grips	Driver's side x 1, passenger's side x 1, rear x 2	S
Coat hooks	Rear x 2	S
Cup holders	Front x 2, rear x 2	S
Bottle holders	Front and rear doors	S
Sunglasses holder		S
Storage pockets	Front and rear doors	S
Driver's pocket (instrument panel)	RHD	S
Centre console box		S
Shift knob	Leather covered	S
Parking brake lever	Leather covered	S
Shift and Parking brake boot stitching		Black
USB socket	Centre-lower box x 1	S
12V interior accessory sockets	Centre console box x 1, centre-lower box x 1	S
Footrest	Driver's side	S
Door trim	Leather-accented (front and rear)	S
SEATS		
Front seats	Seatback pockets (both sides)	S
	10-way power seat with 3-position memory system (driver's side)	S
