CHRYSLER 200

Rarely does one mid-size sedan deliver such top-tier value and performance — but that’s why the Chrysler 200 stands apart. For here is where innovative technology combines with craftsmanship and comfort, bolstered by a sharp focus on safety and security — noted by the comprehensive Electronic Stability Control system (ESC),⁽¹⁾ standard on every 2013 fleet model. Assets like an available 6-speed transmission and 3.6-liter Pentastar® V6 (also with available Flex Fuel calibration, to significantly reduce fuel costs), along with an exceptionally impressive list of safety and security features create one superb vehicle for fleets large and small.
