VOLKSWAGEN ACCESSORIES.

100% VOLKSWAGEN.

Every single Volkswagen Genuine Accessories product is developed in parallel with the vehicle itself and manufactured out of high-quality materials using state-of-the-art production processes. The perfectly fitting products are only included in the Volkswagen Genuine Accessories range after they have passed the strict safety tests which exceed the legally required standards. So that you stay safe and satisfied. And your Volkswagen stays a Volkswagen.

01 Volkswagen Genuine Underride guard, front

The Volkswagen Genuine underride guard made of sturdy ABS-PMMA in silver / black provides an effective protection of the front underbody against intensive dirt. Not to mention the attractive and distinctly sporty note it adds to the Touareg.

Art. no. 7P0.071.608.A .JKA Colour: Silver

Art. no. 7P0.071.608.A .041 Colour: Black

02/03 Volkswagen Genuine Running board

The running boards underline the unmistakable character of the Touareg and create a striking visual accent. They are made of aluminium and, thanks to the recessed rubber supports, provide a safe entry and also make reaching the roof to load a roof box or for mounting carrier systems much easier.

Art. no. 7P0.071.691. .PRP Running board, anodised silver (Fig. 02)

Art. no. 7P0.071.691. .041 Running board, black (Fig. 03)

04

04 Volkswagen Genuine Roof edge spoiler

The roof edge spoiler not only looks good but is also effective. Its understated sporty look significantly enhances the tail end of the vehicle while simultaneously improving the aerodynamics. It is primed and can be painted to match the vehicle colour.

Art. no. 7P0.071.641. .GRU

05

05 Volkswagen Genuine Underride guard, rear

Off-road with heart and soul - that is what the Volkswagen Genuine Underride guard made of high quality ABS-PMMA in silver/black signalises. Next to the powerful look, it also stands out with a protection of the rear underride guard that is just as strong.

Art. no. 7P0.071.619.B .JKA

Reliable complete wheels.

Knowing what counts. Our manufacturer expertise.

Our complete wheels deliver everything that Volkswagen Accessories stands for: ultimate quality, maximum safety and fresh design. There's hardly a component that bears as much responsibility as the wheel. Both for road safety and the overall vehicle look. Once more our complete wheel selection delivers a range you can depend on 100 percent. In every sense.

Complete wheels by Volkswagen Accessories are perfectly tailored to suit each individual Volkswagen model. Our developers draw on their longstanding experience to create the perfect wheel-tire-vehicle combination and hence ensure that every single one satisfies the high standards Volkswagen places in quality and safety. We focus first on technical adaptability – in addition to axle loads we also make sure the engine type and brake specs are ideally matched.

Extreme endurance athlete. Choice premium tires.

Over the course of its average lifetime a wheel will travel once round the world, maintaining firm contact between the vehicle and the road. Its design must suit a breathtaking array of road surface conditions while simultaneously delivering a high standard of reliability – so for us, everything starts with first-class tire quality. Based on our cooperation with leading manufacturers of premium tires, our complete wheels always remain in optimum contact with the road – meter for meter.

Simply scan the QR code and immediately discover Volkswagen Accessories' entire world alloy wheels and complete wheels!

Perfect Interplay. Mounting complete wheels.

State-of-the-art production facilities ensure fully automatic mounting – the rim and the tire are merged to form a high-quality unit. Precise manufacture under temperature-controlled conditions keeps the high quality of our complete wheels constant – offering you other tangible benefits, also:

- perfect radial and axial runout measurement for each wheel
- residual out-of-balance control, tailored to the specific vehicle
- expert warehousing of complete wheels until shipping

Only the best prevail. Volkswagen genuine alloy wheel rims.

- Strength tests check the wheels when overloaded, when suffering impacts and when cornering.
- The material and surface are tested for tensile strength, strain properties, scratch and corrosion resistance.
- Vehicle tests examine the complete wheels under harsh conditions on the test track.
- The endurance testing using a bi-axial wheel test bay simulates the greatest possible loads.

03

The attractive alloy wheels for the summer deliver a convincing combination of timeless design and high quality.

Our wheels for the winter are especially easy to clean and outstandingly suited for use with snow chains.

01 Volkswagen Genuine Mallory 21 inch alloy wheels

Colour: Sterling Silver, Wheel size: 9.5 J x 21 inch, ET 59, LK 130/5

Applicable tyre size¹: e.g. 275/40 R21

Art. no. 7P6.071.491. .88Z

02 Volkswagen Genuine Diorit 19 inch alloy wheels

Colour: Sterling Silver, Wheel size: 8.5 J x 19 inch, ET 59, LK 130/5

Applicable tyre size¹: e.g. 265/50 R19

Art. no. 7P0.071.499. .88Z

Also available as a complete summer wheel.

03 Volkswagen Genuine Aspen 18 inch alloy wheels

Colour: Brilliant Silver, Wheel size: 8 J x 18 inch, ET 53, LK 130/5

Applicable tyre size¹: e.g. 235/50 R18

Art. no. 7P0.071.498. .8Z8

Also available as a complete winter wheel.

Volkswagen Genuine Aspen 17 inch alloy wheels

(Not illustrated)

Colour: Brilliant Silver, Wheel size: 7.5 J x 17 inch, ET 50, LK 130/5

Applicable tyre size¹: e.g. 205/50 R17

Art. no. 7P0.071.497.A .8Z8

Please note our wide range of complete summer and winter wheels. You can obtain the respective catalogues from your Volkswagen dealer or on the Internet at www.volkswagen-zubehoer.de.

04

04 Volkswagen Genuine Sima 17 inch alloy wheels

Colour: Brilliant Silver, Wheel size: 7.5 J x 17 inch, ET 50, LK 130/5

Applicable tyre size¹: e.g. 235/65 R17

Art. no. 7P0.071.497 .8Z8

Also available as a complete winter wheel.

An especially resistant coating guarantees that all alloy wheels are suitable for use in winter.

Please see the attached price list for technical details. The conditions and information contained in the German TÜV report must be carefully observed. Please see the report for the relevant alloy wheel for further usable tyre sizes.

¹Factory-fitted Rear Seat Entertainment preparation is needed.

04

04 DAB+ retrofit kit

DAB+ reception for all car radios! With the DAB+ retrofit, any RDS radio can receive DAB+ (digital radio plus). Adding DAB+ reception to the existing car radio provides access to a wide selection of digital radio stations. Connection to the car radio is wireless via an FM transmitter. It is easy to operate, user-friendly and intuitive and works via the supplied remote control which harmoniously integrates into the vehicle's interior. Additional external audio sources, such as MP3 players and iPods, can be connected via the device's AUX IN jack.

Art. no. 000.063.212

05

05 Volkswagen Genuine LinkKit

The LinkKit can be attached to the centre console on the front passenger side and is compatible with a number of different mobile telephones. The folding mechanism for the universal mobile phone aerial coupling pocket holds the device securely and the mobile phone can be conveniently removed by pressing the release button. The aerial connection on the pocket can be connected to a window aerial or external aerial. This significantly improves the reception quality and reduces power consumption.

Art. no. 000.051.706.A

Volkswagen Genuine Adapter cable for Volkswagen Genuine MEDIA-IN

You always have the right connection: You can easily listen to your favourite music from various portable audio devices by using the adapter cables for the factory-fitted MEDIA-IN socket. Both the playback and your personal playlist can be comfortably controlled using the radio or radio-navigation system fitted in the vehicle. Listening pleasure included – it caters to every wish.

Ready for any possibility. And even for the impossible.

No one knows what tomorrow will bring. Or even the next moment. And especially what one might need on the way there. Good that you can be prepared to bring along everything you need for any eventuality. Thanks to the intelligent transport solutions from Volkswagen Accessories.

Note

Figure left shows:
Underride guard, front and rear Page 06,
Running board Page 06,
Roof edge spoiler Page 07,
Mallory alloy wheel Page 12,
Supporting rods Page 22,
Bicycle holder Page 23

Quality is when things simply fit.

For all those who want more: even more.

More intelligent transport options, for instance. Or more tested safety features. Or simply more of the trusted quality of Volkswagen Genuine Accessories. A trust which is not simply given to the genuine parts but which has to be earned again and again, day after day. Through materials which simply combine better, product designs which simply look better and functions which simply open up additional opportunities. In other words: with the clear desire to make good things better every day. More beautiful, more functional and safer.

Uncompromising satisfaction.

Harder, stricter, further, more - the Volkswagen test procedures go beyond the legally prescribed standards. In terms of materials, in the laboratory and finally on the test track. Only 100% quality products are given the Volkswagen Genuine name. No compromises.

Laboratory testing: Corrosion test in saltwater spray systems, UV resistance, environmental compatibility and many additional laboratory tests examine all the relevant material properties. The climate chamber subjects the products to extreme temperatures ranging from -30° Celsius to $+90^{\circ}$ Celsius. The components' function must be guaranteed and unimpaired at all times.

Endurance: Whether short distances, high-speed or route profiles of varying difficulty – durability under continuous load conditions is tested. The special road endurance test is carried out with a distance of 20,000 km using the maximum permissible load and a variety of different testing profiles.

Test track: Test drives with maximum acceleration both forwards and to the sides, for instance by weaving around obstacles, emergency braking or over cobblestones subject the accessories to extremely hard tests over and over again.

Volkswagen Accessories.

Because genuine quality is always worthwhile.

Genuine quality is always worthwhile:

- An absolutely perfect fit
- Intensively tested safety
- Easy fitting and removal
- Sophisticated system solutions
- High design standards

City crash test. Because safer is better.

Volkswagen's in-house crash tests are carried out at speeds higher than those required by DIN 75302, ISO/PAS 11154 and the "City Crash" test –

Because Volkswagen believes that its own "City Crash Plus" at 30 km/h and a 20 % overload on the roof is more realistic than the standards set by DIN and ISO. The City Crash test simulates a rear-end collision in the inner city at a moderate speed of approximately 17 km/h. Although carried out by "Stiftung Warentest" and the "ADAC", it is not a legal requirement.

01 Volkswagen Genuine Supporting rods

The perfectly fitting supporting rods are made of aerodynamically designed aluminium profiles and are not only City Crash¹-tested but have also passed the even stricter standards of the Volkswagen City Crash test. They serve as the basic system for all attachments and are robust yet light and, above all, can be quickly attached to the roof rail. The anti-theft locking equipment protects you against any nasty surprises.

Art. no. 7P6.071.151.A

02 Surfboard holder

Bringing your surfboard safely to its destination: The rubber-coated surfboard carrier and a special rubber protector for the metal clamps on the tensioning straps provide extra protection during transport. Suitable for one surfboard with a two-piece mast.

Art. no. 000.071.120.HA

03 Volkswagen Genuine Kayak holder

No bouncing, no slipping: developed specially for kayaks up to 25 kg in weight, the holder adapts itself perfectly to the shape of the kayak. Four moveable rubber supports secure the kayak during transport. Strong tension belts ensure that the kayak is well fastened.

Art. no. 1K0.071.127.A

04 Volkswagen Genuine Bicycle holder

The aerodynamic bicycle holder, which is made of UV-resistant plastic, is mounted on the supporting rods using chromed steel holders. The bicycle automatically slides upright into the self-adjusting wheel receiver, leaving both hands free for fastening. The perfectly fitting, completely pre-assembled supporting rods are not only City Crash¹ tested but have also passed the even stricter standards of the Volkswagen City Crash Plus test. The maximum load-bearing capacity is 17 kg.

Art. no. 6Q0.071.128.A

Note

The practical pull-out function makes the ski and snowboard holder very easy to load and unload.

05 Volkswagen Genuine Comfort ski and snowboard holder

The ski and snowboard holder with its aerodynamic aluminium design can be easily installed on the supporting rods and is lockable. Thanks to the practical pull-out function, the ski holder can be easily loaded and unloaded. The extra-large opening buttons mean that it remains easy to use, even when wearing thick ski gloves. Also available without pull-out function. See the attached price list for an overview of all available versions.

06 Volkswagen Genuine Ski bag

(Figure shows the ski bag with storage bag)

The practical ski bag is intended for the protection and transportation of up to four pairs of skis, including ski sticks, in the roof box or in the interior, using a belt clipped into the belt buckle. The ski bag can be stowed in the optional space-saving storage bag.

Art. no. 00V.061.202

Ski bag

Art. no. 00V.061.201

Storage bag

¹City Crash-tested in accordance with ISO/PAS 11154

Note

The innovative DuoLift system enables the roof box to be opened from both sides without any problems.

01 Roof box, black matt

The roof box with a volume of approx. 340 litres has an optimised aerodynamic design that minimises unpleasant driving noises as far as possible. The roof box has been adapted to the modern design line of the new Volkswagen models. It opens from one side and is equipped with a 2-lock system. Thanks to the Comfort sliding fitting system the box can be securely fitted on the roof bars with just a few quick motions.

Art. no. 000.071.200

02 Volkswagen Genuine Roof box

The aerodynamic, City-Crash-Plus tested roof box impresses with its minimal driving noise and simple and quick installation using a quick-action clamping mechanism. The box is fixed to the carrier through pumping movements of the quick-action clamping mechanism. Further highlights: comfortable and very easy opening from both sides thanks to the innovative "DuoLift system" and the pneumatic springs integrated at the front and rear as well as optimal anti-theft protection through a 3-point central locking system. The roof box manufactured using DUROKAM® thermoplastic is UV-resistant, light, dimensionally stable, impact-resistant and durable. Max. load-bearing capacity: 75 kg. Colour: Titanium metallic. See the attached price list for an overview of all available versions.

03 Urban Loader roof box

The new and innovative Urban Loader roof box with an expandable loading volume provides additional cargo space and is perfectly suited for transporting shopping, bags, suitcases, pushchairs and sporting equipment along with many other everyday necessities. The loading volume of the roof box can be quickly and easily increased from 300 litres to 500 litres when needed. The zip fastener enables it to be opened, loaded and unloaded on both sides. The intelligent jointed steel frame with two springs enables easy opening and closing. Max. load-bearing capacity: 50 kg. Colour: Silver.

Art. no. 000.071.200.B .JKA

04

04 Volkswagen Genuine Compact II bicycle carrier, foldable

The small, light and compact bicycle carrier weighs only 14 kg and is made in Germany. It is capable of carrying two bicycles or e-bikes with a total weight of up to 60 kg. When mounted on the towing hitch, the bicycle carrier can be conveniently folded downward using the new foot switch to allow access to the rear hatch. When fully folded up, it can be stored in the luggage compartment in no time at all. A bicycle carrier for three bicycles is also available upon request. A practical storage bag is included in the scope of delivery. Folded dimensions: 24 x 58 x 62 cm (for two bicycles).

Art. no. 3C0.071.105.B

Compact II bicycle carrier, for 2 bicycles

Art. no. 3C0.071.105.C

Compact III, for three bicycles (not illustrated)

04

04

Note

The tail lights, bicycle rails and support frame can be easily folded up into a compact package for storage. The folded-in rear lights are located inside the carrier and are excellently protected during transport.

Note

The carrier can be folded up with one step on the foot switch, making the luggage compartment accessible.

05

05 Volkswagen Genuine Towing hitch including electrical installation kit

Whether you want to tow a boat, a caravan or need additional storage space – if you want to transport a trailer, you need a towing hitch. This is available as a removable version. The 13-pin electrical installation kit is included in the scope of delivery and guarantees the electrical supply and thus safe trailer usage. Instructions for use can be found in the attached price list.

Art. no. 7P0.092.150

Readiness as a matter of detail.

“Would, could, should” is a common approach to re-evaluating the eventualities of everyday life. To develop solutions which protect you and your Touareg against unpleasant surprises. This gives rise to Volkswagen Accessories products which provide you with perfect comfort and safety. For all of life’s details.

Note

Figure left shows:
G2-3 ISOFIT child safety seat Page 28,
Seat cover Page 29,
Sunblind Page 34

Big safety. For your little ones.

Music boxes, teething rings, picture books or story books, all ages have their own milestones – whether small or large. Every stage of development also has its own challenges. That is why we have developed child safety seats for each age group. Each one offers a convincing combination of high sitting comfort, easy handling and also exceeds the requirements of the ECE-R44/04 standard. All covers can be easily removed and can be washed at 30 °C. And the most important point: your child is well protected when travelling.

01 Volkswagen Genuine G0 plus ISOFIX

High protection and comfort for new-born babies and babies up to 13 kg or 15 months old: The ISOFIX fastening system ensures that the child seat with its base frame is securely fastened to the vehicle body. Without ISOFIX it can also be used with any 3-point belt. The child is securely held in the seat by a height-adjustable, 5-point full belt safety harness. Further features include an adjustable handle, an easily removable, washable fabric covering, a height-adjustable seat insert and a sun shade.

Art. no. 5G0.019.907

With ISOFIX

Art. no. 5G0.019.900

Without ISOFIX

02 Volkswagen Genuine G1 ISOFIX DUO plus Top Tether

Great safety and seating comfort for children weighing between 9 and 18 kg (from eight months to about four years old). The height of the belt harness can be adjusted. Furthermore, the sitting position can be adjusted in multiple ways. In addition to the tried and trusted locking system using an ISOFIX connection, the seat is secured at the provided fasteners in the luggage compartment by means of the “top tether” connection in suitably fitted vehicles – thus providing additional hold.

Art. no. 5G0.019.909.A

03 Volkswagen Genuine G2-3 ISOFIT

Children aged between 3 and 12 years (15 to 36 kg) travel safely and comfortably thanks to the height-adjustable sleep supports and the possibility of individually adjusting the height and inclination of the seat to the needs of the child. The seat is attached using the vehicle's ISOFIX anchorage points. The child itself is buckled in using the 3-point seatbelt in the child's seat.

Art. no. 5G0.019.906

04 Volkswagen Genuine Seat cover

The optimum protection for sensitive seats: the easy-to-clean, anti-slip seat cover prevents dirt or wear, for example from child seats. Practical net pockets offer additional stowage space. Can also be used with ISOFIX seats.

Art. no. 000.019.819

04

05 Volkswagen Genuine Additional interior rear view mirror

For better visibility and keeping a watchful eye on children travelling in the rear: The additional inside rear view mirror is fixed to the windscreen or the dash panel using a suction cup mounting and can be individually adjusted to take in the interior, the traffic or for parking, thanks to its flexible joint.

Art. no. 000.072.549.A

01 Volkswagen Genuine Luggage compartment tray
A perfect fit: washable and acid-resistant, the robust and durable luggage compartment tray with Touareg lettering easily keeps your luggage compartment clean. With circumferential edging, approximately 4 cm high.

Art. no. 7P0.061.161

02 Volkswagen Genuine Luggage compartment liner
Precise protection in a light and flexible form: the anti-slip liner is designed to perfectly fit the shape of the luggage compartment and to reliably protect it from dirt and moisture. When not in use it can be rolled up and easily stowed away to save space.

Art. no. 7P0.061.160

03 Volkswagen Genuine Luggage compartment loadliner with partitioning elements and cover

The high-cut luggage compartment loadliner with Touareg lettering is extremely hard-wearing, acid-resistant and suitable for anything which tends to make a mess during transport, such as dirty shoes or plants. The loadliner protects the luggage compartment against all kinds of dirt and is easy to clean due to its smooth plastic surface and wide ribs.

Art. no. 7P0.061.162

04 Volkswagen Genuine Luggage compartment plug-in module

The Volkswagen Genuine luggage compartment plug-in module enables you to flexibly divide up your vehicle's luggage compartment and secure cargo against slipping. The luggage compartment plug-in module can be freely positioned along the outer edges of the loading surface and the plug-in module's telescopic rod keeps it firmly in place. For Touareg with variable load surface.

Art. no. 000.061.166

05 Volkswagen Genuine Luggage net

So that everything stays where it belongs: the tear-resistant luggage net is ideal for all of those small and medium-sized things you prefer to have stored safely in place. The luggage net is attached to the standard lashing eyes in the luggage space.

Art. no. 7L0.065.110

06 Volkswagen Genuine Partition grille

The partition grille separates the passenger compartment from the luggage compartment between the rear seat backrests and the roof lining. The robust, black, powder-coated steel grille is easily and comfortably attached behind the rear seat. Assembly is simple and requires no drilling of holes. The luggage compartment cover can also be used with the partition grille.

Art. no. 7P0.017.221

06 Volkswagen Genuine Partition

This helps you keep the luggage compartment tidier. The practical space divider can be attached with only a few quick motions to the points provided for this purpose. Can only be used in conjunction with the partition grille.

Art. no. 7P0.017.222

01

01 "Volkswagen Edition" espresso machine including espresso pods

Ideal for espresso fans: you no longer have to find a service area to enjoy your coffee break. The mobile Espresso AutoSet means you always have your own small coffee bar on board. Simply stop for a break, connect the machine to the 12V socket inside your vehicle and enjoy a freshly brewed espresso. The set includes two break-proof espresso cups, a serviette and 25 espresso pods along with an elegant and practical storage case for the set.

Art. no. 000.069.641

02 Volkswagen Genuine Cool and thermos box

Snacks at the right temperature for every occasion. The energy efficiency class A++ box is connected via 12 V/230 V, in the vehicle or at home. Two-litre bottles can be transported upright in the box, which has a capacity of approx. 25 litres. It is delivered with battery discharge protection and a replacement insulation cover.

Art. no. 000.065.400.F

03 Volkswagen Genuine Clean Solution waste bag

No waste, no worries: the waste bag can be attached flexibly to the headrest bars on the front seats. If a bag is taken out, a new one is automatically pulled into place. Included in the scope of delivery: two rolls, each with 50 bags.

Art. no. 000.061.107

04 Volkswagen Genuine Clothes hanger¹

Sometimes things just have to be crease-free: The stylish clothes hanger can be quickly and simply attached to the headrest bars on the front seats. You can hang up your shirts, jackets and other suitable articles of clothing, keeping them free of creases during transport.

Art. no. 00V.061.127

05 Volkswagen Genuine Snakey headrest hook

Practical organiser in a twin pack: two-piece set for mounting to the front seat headrest bars. Simply hook on the things to be transported and off you go.

Art. no. 000.061.126.A .041 Colour: Black (2 pieces/not illustrated)

Art. no. 000.061.126. .UHS Colour: Cornsilk Beige (2 pieces)

¹Can only be used if a passenger is not seated in the rear seat behind it.

01

Note

The specially designed structure of the sunblind provides perfect protection from the sun's rays and effective thermal insulation.

01 Volkswagen Genuine Sunblind

Sometimes it's better to keep the sun out. For example, when your rear-seat passengers include children or pets. The Volkswagen Genuine sunblind can be used as optimal sun protection, as well as for thermal insulation – without impairing traffic safety. It can be used when the windows are closed as well as when they are open. For an overview of all versions, refer to the attached price list.

02 Volkswagen Genuine Door wind deflector

The optimal form of ventilation of the vehicle interior contributes to your driving comfort by improving the atmosphere inside the vehicle. Enjoy the circulating fresh air, even when it is raining or snowing, or avoid the unpleasant build-up of heat on hot days by opening the windows slightly. The low-maintenance, carwash-resistant wind deflectors are manufactured from high-quality recyclable acrylic glass. 1 set = 2 pieces. Colour: Smoke Grey.

03

03 Volkswagen Genuine Mud flaps

Protect your own vehicle and the one behind from flying dirt, dangerous stone impacts and spray water with these extremely durable mud flaps.

Art. no. 7P0.075.111

For the front (2 pieces)

Art. no. 7P0.075.101

For the rear (2 pieces)

04 Volkswagen Genuine Premium textile floor mats

The textile floor mats are perfectly shaped to fit the footwells and are made from hard-wearing, thickly woven velour. The front mats have Touareg lettering. The front mats are fixed in place to prevent slipping using the points provided in the floor area. The anti-slip rear coating ensures the optimal positioning of the rear mats. Colour: Black. For the front and rear.

Art. no. 7P1.061.270. .WGK

05 Volkswagen Genuine Rubber floor mats

Keeping the footwell clean all year round: The perfectly fitting and highly durable floor mat set with Touareg embossing on the front mats keeps out dirt and moisture. The front mats are attached to the vehicle floor using the integrated fastening system to prevent slipping. Colour: Black.

For the front and rear (1 set = 4 mats)

06 Volkswagen Genuine Sill protector film, transparent

Like an invisible protective guard, the precisely fitting transparent protective film can be applied to painted entry points. Scratches do not stand a chance and you can maintain your vehicle's appearance for a long time to come.

Art. no. 7P0.071.310.A .908

01

01 Volkswagen Genuine Care and cleaning aids

The care and cleaning aids have been developed to work perfectly together in and on the vehicle. Every product is ISO-certified and has also been tested and approved by Volkswagen's central laboratory. For long-term, effective vehicle care which protects both the material and the environment. Please see the attached price list for more detailed information about the individual products along with the seasonal care and cleaning sets.

02 Volkswagen Genuine Breakdown assistance safety package

Volkswagen Genuine breakdown assistance safety packages contain a selection of products that may come in useful in the event of an emergency. These products are delivered in a robust bag with two non-slip hook and loop fastener strips on the lower side. See the attached price list for an overview of all available sets.

03 Fuel canister

A long journey and no service stations along the way? With the 5 litre fuel canister you are always on the safe side and can bridge the distance to the next service station. The canister comes with two filling tubes, one for diesel and one for the petrol.

Art. no. 000.093.060

04 Volkswagen Genuine Warning vest

The fluorescent safety vest with Volkswagen lettering and reflective strips is approved as per DIN EN 471. As of 1 July 2014, all drivers in Germany are required by law to carry a safety vest in the vehicle (with the exception of motorbikes and mobile homes); in some countries, a safety vest must be carried for all vehicle occupants. A storage bag is included in the scope of delivery. Colour: Orange.

02

03

05 Volkswagen Genuine Tow rope

Always on the safe side: the TÜV and DIN-tested tow rope can be used for vehicles with a gross weight of up to 2,500 kg.

Art. no. 000.093.014

06 Volkswagen Genuine First aid kit

The DIN standard first aid kit is an essential companion in case of accidents. Meets the legal requirements of § 35h StVZO (German road traffic regulations) and DIN 13 164.

Art. no. 6R0.093.108

07 Volkswagen Genuine Warning triangle

The intelligently designed warning triangle has ECE test certification, requires minimal storage space and can be set up quickly and safely thanks to its swivelling metal foot.

Art. no. 000.093.057

Note

Opens with a click: “Quick Release” function for easy removal.

08 Volkswagen Genuine Servo SUV snow chain (powered by pewag)

The Servo SUV snow chain ensures a safe grip on snowy roads. The high-quality stationary assembly chain can be fitted to and removed from the wheels quickly and easily. Automatic tensioning ratchets guarantee the best possible chain tensioning at the press of a button while driving – so manual re-tensioning is no longer necessary. All parts on the outside that make contact with the wheel are made of plastic to avoid causing any damage. The chain can be reversed for double the operating life.
