Way of Life!

Another beautiful day is brewing.

City life pulses with energy.
Drive right into the heart of it in the Suzuki CELERIO.
A unique environment-friendly, urban-happy compact car
that's as smart as it is cute, the CELERIO is a wave of fresh air.
Open four doors to fun and step into another beautiful day.

More to enjoy. Less to schedule.

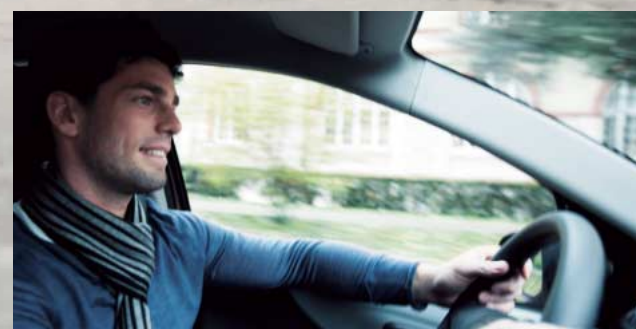

From the moment you turn the key,
you embark on a drive down easy street in the CELERIO.
Whether you're driving on busy or quiet streets,
great performance makes getting from one place to another a simple pleasure.
And the CELERIO treads lightly, sipping fuel and cutting down on emissions.
So take some time for yourself and schedule a day of fun.

Live in the moment. Live out your dreams.

Feel great about looking great.
The CELERIO is a perfect match for your sense of style.
Casual when you are, yet with the flair and originality to make a smart fashion statement.
Wherever your favourite things are in life,
the CELERIO will surely become your favourite accessory for enjoying them.

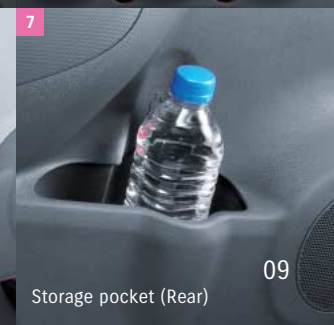

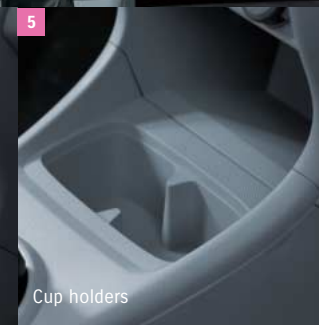

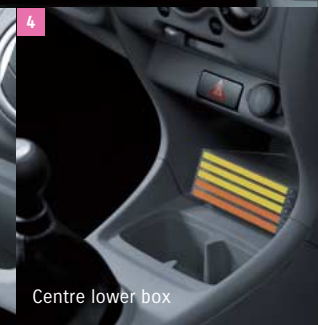

Emotion moves from inside.

If you love driving, you'll discover more reasons to love the CELERIO. And even if driving has never been among your favourite activities, here are a few of the many great reasons to change your mind: Supportive, adjustable front seats. Simple, intuitive controls and dials, including a high-legibility speedometer in which a digital display shows up-to-the-minute driving information. And a sportily styled steering wheel and shift lever. From the moment you slip inside, the emotion starts to move.

The CELERIO is loaded with conveniences, all smartly designed.

- 1** Meter cluster The big single-dial speedometer incorporates a liquid-crystal display showing an odometer/tripmeter, a fuel gauge, and a clock.
- 2** Centre tray The centre tray is illuminated for convenience.
- 3** Storage pocket (Passenger side) The pocket on the passenger side is ideal for maps, personal organizers, and similarly sized items.
- 4** Centre lower box The centre lower box can hold five compact discs.
- 5** Cup holders The cup holders can each hold a 500ml beverage bottle or a slim can.
- 6** Storage pocket (Front) The front doors each have a pocket large enough for A4-size documents such as road atlases.
- 7** Storage pocket (Rear) The pocket on each rear door incorporates a holder that's large enough for a 500ml beverage bottle.

Time out. Happiness in.

In a world that never stops spinning, the CELERIO makes the perfect timeout. It's great to just drive, but there's plenty of space to carry stuff you need to enjoy a day, or a few days, off. Better yet, recruit some friends for the occasion. There's plenty of space to accommodate up to four happy people.

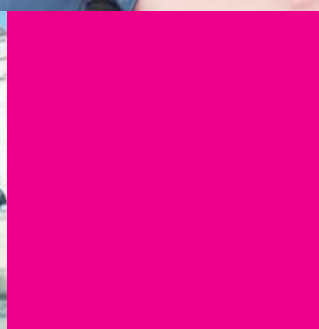

Neither side of rear seatback folded

One side of rear seatback folded

Both sides of rear seat folded

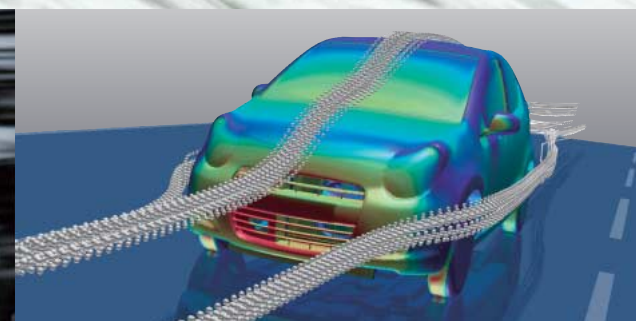

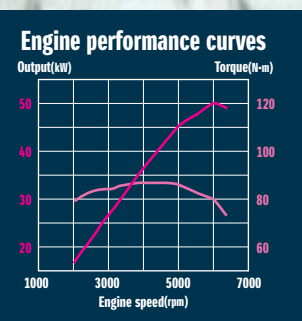

Two adults sit comfortably in the CELERIO's wide rear seat, which has a 50:50-split seatback* that allows you to reconfigure the cabin space. If you need to carry both a rear passenger and bulky luggage, simply fold down one side of the seatback. Just as easily, you can fold down both sides and create a huge luggage area with a flat floor. The CELERIO's four doors are a big plus for passengers. And a wide tailgate opening with a low lip takes much of the effort out of loading and unloading luggage.

* The rear seat may be a non-split bench type depending on grade.

Big step. Small footprint.

Balancing the demands of eco-friendly operation with the need for satisfying performance is a matter of addressing every detail, so the CELERIO combines low weight with a peppy, fuel-efficient engine and a shape that reduces aerodynamic drag. The CELERIO's lively performance is a big step forward for a compact car. Better yet, its environmental footprint, like its impact on your pocketbook, is small.

Maximum output
50/6,000 kW/rpm

Maximum torque
87/4,500 N-m/rpm

Power with economy

The CELERIO's newly developed 1.0-litre engine has a three-cylinder design for low weight and high efficiency. It delivers peppy performance together with low fuel consumption.

Smooth progress

The smoother the airflow over a car's body, the lower the car's fuel consumption and emissions. So Suzuki designed the CELERIO using cutting-edge flow simulations and extensive wind-tunnel testing. A further benefit of the CELERIO's low drag is a quieter drive.

Safety for peace of mind

In case of an unavoidable mishap, the body is based on Suzuki's proprietary Total Effective Control Technology (TECT) system, meaning that it resists impact forces and directs them away from the driver and passengers. And for even greater peace of mind, the cabin has dual front airbags, which form another layer of protection.

Note: The SRS airbags are shown inflated for descriptive purposes.

Uniquely scaled to city size.

While the CELERIO is great fun to drive anywhere, its natural environment is the city. Nimble handling makes it easy to slip through traffic. And compact dimensions and great manoeuvrability make parking a breeze on crowded city streets. So while other drivers are circling the streets looking for larger spaces, you're already sipping a coffee in a café or shopping.

Automatic choice

Unusually for a small car, the CELERIO is available with an automatic gearbox—the ideal option for city driving.

Stopping power

Large front disc brakes and an anti-lock braking system (ABS) with electronic brake-force distribution (EBD) ensure plenty of stopping power and confidence-inspiring control.

Smooth rolling

Tyres with a special rubber compound help to ensure smooth progress and low fuel consumption and emissions.

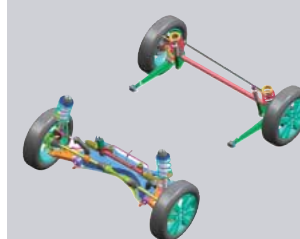

Easy manoeuvring

A minimum turning radius of just 4.5 metres provides excellent manoeuvrability and an ability to slip into tight parking spaces.

A smooth, stable ride

Suspension that's tuned to give a smooth, level ride and a light steering feel makes driving enjoyable on urban roads.

Look forward to a long partnership.

Trust the CELERIO to meet your everyday needs large and small while making your busy lifestyle feel a little more spacious and free. The CELERIO brings harmony to life by balancing your priorities. With an eye on the future and the CELERIO as a partner, you'll enjoy a long, comfortable journey ahead.

More sparkle and shine.

There's always something happening in the city.
And with the CELERIO, there's no reason not to enjoy it.
The CELERIO is a unique way to express your own sense of style.
It matches the urban environment, uptown and downtown,
and adds sparkle and shine to every street along the way.
