A word about this catalogue. We have tried to make this catalogue as comprehensive and factual as possible. However, since the time of printing some of the information you'll find here may have been updated. Also, some of the equipment shown or described through this catalogue may have been changed and / or is available at extra cost. Further, GM Holden Ltd ABN 84 006 893 232, reserves the right to make changes at any time without notice, in prices, colours, materials, equipment and models. Your Holden Dealer has details, and before ordering, you should ask them to bring you up to date. No Holden Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance characteristics, descriptions or fitness for any purpose of any Holden product which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by GM Holden Ltd in its published sales literature, and GM Holden Ltd does not accept any liability for any such unauthorised action. GM Holden Ltd has authorised Dealers in many parts of Australia for the sale of service parts and the provision of service to owners of Holden's products. Every endeavour is made to ensure that such Dealers carry adequate stocks of service parts, but GM Holden Ltd doesn't make any promise other than that contained in the New Vehicle Warranty given by GM Holden Ltd that such parts or service facilities will be available at any specific location or at any particular time. Express warranties offered for Holden products are subject to the conditions set out in all vehicle handbooks. Details also available from GM Holden Ltd on request. Copyright GM Holden Ltd. sophisticated style

The sporty, yet sophisticated stance of the all-new Holden Barina is an exciting expression of European styling. Fresh and modern from every angle, the Holden Barina showcases slick alloy wheels, eye-catching exposed headlights and uniquely designed hidden rear door handles. With meticulous attention to detail and an array of exceptional design features, the all-new Holden Barina appeals to those who aspire for more.

Barina in Nitrate Silver

inviting
space

The all-new Holden Barina welcomes you with an invitingly spacious interior. Every aspect has been designed to enhance your comfort, whether you're a driver or passenger.

Long journeys are a pleasure with roomy seats that embrace you. Intelligently designed storage spaces ensure all your belongings are within easy reach. And adjustable rear split folding seats provide flexibility to adapt to your needs. Throughout the all-new Holden Barina, you'll discover space, comfort and convenience to suit your lifestyle.

Performance

Sporty

The all-new Holden Barina's athletic performance always makes driving a thrill. Its advanced 1.6 litre 4-cylinder engine, paired with a 5-speed manual transmission, means ample power is available, any time, for effortless acceleration. Even if you choose the superbly smooth 6-speed automatic, Active Select puts you in charge of the gear changes with the push of a button – perfect for times when you want complete control. And when it comes to handling, the Holden Barina is intuitive and agile. It all makes for a truly spirited drive.

Barina in Carbon Flash Black

interior style

The all-new Nano sets new standards for style and comfort. Unmistakably modern, it takes design cues from exciting new sources, with cockpit style seats and a motorcycle-inspired instrument cluster with ice-blue illumination featured throughout the cabin. There's also a reassuring feeling of quality about the finish that goes beyond expectations. From the chrome and metallic-silver detailing to the integrated centre stack, attention has been paid to every detail. It's designed with one idea in mind: your total enjoyment.

The dazzling array of technology that comes standard in the all-new, feature-packed Holden Barina is nothing short of astounding.

Bluetooth® phone and audio streaming*, USB input with iPod® connectivity, cruise control and 4-speaker stereo system are all standard. What's more, steering wheel mounted controls put all of these advanced functions conveniently at your fingertips.

New innovations in technology like headlights with 'follow me home' functionality are complimented by new innovations in design, like the motorcycle-inspired instrument cluster, to make the all-new Holden Barina completely modern.

But perhaps the most surprising extra, is that every one of these features come as standard. So, there's no need to compromise or outlay for an expensive extras package. All the technology you need to enhance your driving pleasure is included in the one refreshingly affordable price.

* Certain mobile phones may not be compatible with the vehicle's Bluetooth® system. See www.holden.com.au for more details

Headlights with 'follow me home' functionality
'Follow me home' functionality allows headlights to remain on for a set time after leaving the parked vehicle.

Motorcycle-inspired instrument cluster
The motorcycle-inspired instrument cluster displays pertinent driver information including an analogue tachometer, LCD digital speedometer, odometer and fuel gauge.

Bluetooth®
The Barina's Bluetooth® system* offers hands-free mobile phone functionality, making using your mobile phone more convenient and safer.

technology

Multimedia audio
The Barina is equipped with a USB input, which allows you to connect your iPod®, compatible MP3 players and USB flash drives which can be controlled via steering wheel audio controls. As well as Bluetooth® connectivity* which gives you the ability to wirelessly stream music from a Bluetooth® enabled Smartphone.

Steering wheel mounted controls
Operate the audio system, cruise control and Bluetooth® without taking your hands off the wheel. Functionality includes engaging and cancelling cruise control, changing radio stations, music tracks, adjusting the volume plus the ability to answer and end phone calls.

Audio System
The Barina is equipped with a 4-speaker audio system with an MP3 compatible in-dash CD player. There are also up to six 'favourites' pages giving you the ability to store both AM/FM on the one favourite 'page', eliminating the need to switch between AM and FM bands.

Cruise control
Allows the speed of the Barina to be set and maintained with functions including increase/decrease speed, on/off set, resume and cancel.

The all-new Holden Barina proves a smaller car doesn't have to be small on safety.

An array of active and passive safety systems as well as structural reinforcements have earned it the highest possible 5-star ANCAP safety rating.

Intelligent features like Electronic Stability Control (ESC) and Traction Control System (TCS) work together with leading brake technologies, including Electronic Brakeforce Distribution (EBD) and Brake Assist (BA), to help you avoid an accident.

Should a collision occur, active safety systems immediately come into play.

Six airbags – front, side impact and side curtain – protect occupants front and rear. At the same time energy management crumple zones work to take out the force of the impact, safeguarding occupants by helping maintain the integrity of the passenger compartment.

With the all-new Barina you can be sure we've made no compromise on safety. So, when it comes to choosing your next car, there's no need for you to compromise either.

How ESC helps you avoid accidents

Imagine you have to avoid an unexpected obstacle on the road. You end up with two wheels on the gravel verge and need to brake suddenly...

Barina in Nitrate Silver

Brake Assist (BA)

BA is designed to sense how fast you press the brake. If it detects an emergency stopping situation, it will maximise braking pressure to optimise braking performance

Traction Control System (TCS)

Designed to maximise the vehicle's stability on wet and icy roads, TCS detects if either front wheel has insufficient grip, and adjusts drive force and brake force accordingly

Side impact airbags

Side impact airbags provide chest and thorax protection for the driver and front passenger

Collapsible pedal release system

To help prevent driver leg injury in a severe frontal impact, the vehicle's clutch and brake pedal will collapse

Front airbags

For maximum protection in certain frontal collisions, the vehicle will deploy front airbags for the driver and front passenger

Side curtain airbags

Side curtain airbags provide head and upper body protection for front seat occupants and left and right rear passengers

Anti-lock Braking System (ABS)

ABS prevents wheel 'lock up' during forceful braking. This helps keep your car steerable and directionally stable, and reduces stopping distances on most surfaces

Seatbelt pretensioners

A sufficiently forceful impact will trigger pyrotechnic charges that force the front seatbelts to tighten, holding front occupants firmly in their seat

Electronic Stability Control (ESC)

ESC is a technically advanced chassis system that provides outstanding safety and vehicle control benefits. Working with ABS, ESC can apply individual brakes selectively to control oversteer or understeer as necessary to help the driver maintain control during extreme driving manoeuvres

Electronic Brakeforce Distribution (EBD)

EBD regulates the braking force applied to each wheel. This ensures optimal balance between front and rear brakes, which helps minimise stopping distances

6-speed automatic with Active Select

The new 6-speed automatic transmission comes with Active Select, which allows you to manually switch gears for a more 'hands on' driving experience

Dual glovebox

The lower glovebox offers convenient storage and security, while the unique upper glovebox houses the Barina's USB and AUX inputs, so you can safely plug in and store your iPods®, USBs and portable flash drives with ease

Cup holders

The Barina offers the convenience of three cupholders with two in the front centre console and one in the rear of the centre console

Standard features include:

- 1.6 litre DOHC 4-cylinder petrol engine with 5-speed manual or optional 6-speed automatic transmission with Active Select
- Electronic Stability Control (ESC), incorporating:
 - Anti-lock Braking System (ABS)
 - Brake Assist (BA)
 - Electronic Brakeforce Distribution (EBD)
 - Traction Control System (TCS)
- Six airbags:
 - Driver and front passenger airbags
 - Driver and front passenger side airbags
 - Side curtain airbags
- 15" alloy wheels (4)
- Front body coloured door handles
- Hidden rear door handles
- Body coloured rear spoiler
- 'Exposed' halogen headlights with 'follow me home' functionality
- Cruise control
- Bluetooth® connectivity*, with phone and audio streaming
- Multifunction 3-spoke steering wheel with controls for Bluetooth®, cruise control and audio system
- Dual glovebox – upper glovebox with bi-level shelving, AUX and USB inputs
- Driver and front passenger vanity mirrors with cover
- Front and rear power windows
- Cupholders – two in front centre console and one in rear of centre console
- 6-way adjustable driver seat
- Front passenger seat back pocket
- 60/40 split folding rear seats
- Air conditioning
- 4-speaker audio system with MP3 compatible in-dash CD player
- USB input with iPod® and MP3 player connectivity
- Motorcycle-inspired instrument cluster incorporating:
 - Digital speedometer
 - Analogue tachometer
- Remote keyless entry operates doors, hatch and fuel filler door
- Flip key (1)
