THE FLYING SPUR
ACCESSORIES RANGE

With Bentley Accessories, every vehicle can be as unique as its owner. From the grand expression of the wheels to the smallest stitch on a steering wheel, this brochure outlines all the accessories available for you to truly personalise your car. To define your style, leave your mark, and imprint your values on your Bentley. They are important decisions, but having already demonstrated your excellent taste in purchasing a Flying Spur, we're confident you will choose wisely.

CHARACTER
IS DEFINED BY
THE CHOICES
WE MAKE

A close-up, high-contrast photograph of a Bentley wheel. The image focuses on the center hub, which features the iconic Bentley 'B' logo in a light color against a dark background. The word 'BENTLEY' is embossed in a circular pattern around the logo. The spokes of the wheel are visible, showing a polished, metallic finish. The lighting creates strong highlights and shadows, emphasizing the textures and contours of the wheel.

EXTERIOR
DETAILS

ADD YOUR OWN
DISTINCTIVE SPIN

Man has been refining the wheel for well over 5,000 years, so it's hardly surprising our designers are passionate about putting their own distinctive spin on it. It's the reason the design studios at Crewe are filled with hundreds of elliptical sketches, each a subtle refinement of the last. To make your selection process a little easier, we've engineered the very best for you to personalise the outward expression of your Flying Spur.

Stop and stare.

When it comes to finding new, eye-catching ways for you to add further touches of personalisation to your Bentley, there's no stopping our designers. Introducing Red Bentley Branded Brake Calipers. Featuring a sporty, red high-gloss finish, they're designed to stop people in their tracks every time you come to a halt.

Attention to detail.

At Bentley, attention to detail is everything. No matter how small. And it doesn't get much smaller than these eye-catching hexagonal branded Valve Caps featuring the Bentley 'B'. The five valve caps (we would never overlook the spare) allow you to customise your vehicle down to the tiniest detail.

● BRANDED VALVE CAPS

Hidden gem.

An unwavering attention to detail is not a trait held exclusively by those at Crewe of course; it's also one our customers regularly display. Take this Jewel Fuel Filler Cap, inspired by an American owner who felt the standard fuel cap was a little understated for a great car and deserved to be a joy to see and touch. Featuring the Bentley 'B', the cap adds additional branding to the exterior of your vehicle.

● JEWEL FUEL FILLER CAP

Personalised from front to back.

Chrome Bumper Grilles let you add a distinguished personal touch to the front of the car. Originally developed in the 1920s to protect the radiator from flying debris in the heat of competition at Le Mans, today's gleaming adaptation safeguards the Flying Spur's high-performance engine.

● CHROME BUMPER GRILLES

INTERIOR DETAILS

3 SPOKE OR 4 SPOKE?
SMOOTH, TACTILE WOOD
OR SOFT, SUMPTUOUS HIDE?
SINGLE TONE, TWO TONE? HEATED?

This range of Steering Wheels provides the perfect answer for those wishing to take a hands-on approach to personalising the interior of their Flying Spur. Naturally, we'll do the hand stitching and whichever finish you choose, you can be sure that all controls are within reach.

● 3 SPOKE SINGLE TONE WHEEL
(HEATED OPTION AVAILABLE)

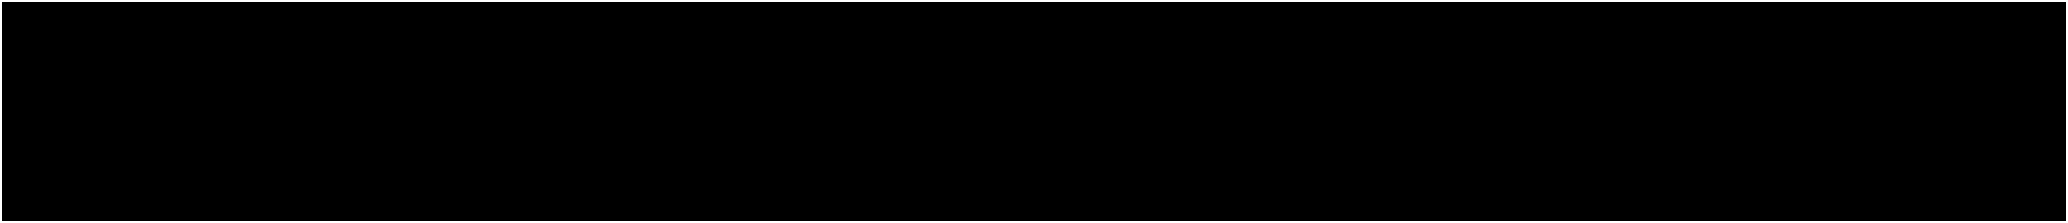

● 4 SPOKE SINGLE TONE WHEEL

● 3 SPOKE WOOD AND HIDE WHEEL

● 4 SPOKE WOOD AND HIDE WHEEL

A natural choice.

Our exquisite veneers are fashioned by a team of craftsmen and women who apply the same fastidious attention to every detail of your opulent cabin. A flawless decision awaits you with your choice of door panel veneers. There's an extensive range of mirror-matched, unbleached veneers to choose from, harvested from sustainable sources across the globe.

● VENEER DOOR PANEL OPTIONS (top to bottom)

Tamo Ash

Chestnut

Madrona

Burr Walnut

Dark Fiddleback Eucalyptus

Dark Stained Burr Walnut

Piano Black

Add a touch of timeless class.

Engine-turned Fascia Panels carry the iconic geometric patterns of precise overlapping circles. The design has deep-rooted associations with Bentley's Le Mans winner, the legendary Old Number One. A true classic touch for those who appreciate timeless refinement.

● ENGINE-TURNED FASCIA PANEL

Centre of attention.

The hand-finished, Carbon Fibre Centre Console Panel enables you to personalise your vehicle's interior. Made from the motorsports material of choice for its lightweight and strong properties, its precise weave and gloss finish creates a smooth satin-effect sheen that's eye catching without being excessively reflective.

● CARBON FIBRE CENTRE CONSOLE PANEL

Pure Bentley through and through.

A pair of remarkable products gleaming with design integrity that goes beyond luxury. The Sports Gear Lever's signature finish is inspired by the early days of Le Mans when drivers required additional grip on their rain-soaked dashboard levers. Whilst the beautifully crafted Drilled Alloy Sports Foot Pedals, featuring raised bosses, add better grip underfoot.

● DRILLED ALLOY SPORTS FOOT PEDALS

Give your design a name.

Designed to create drama on entrance, the polished chrome Illuminated Treadplates bearing the Bentley name, work in conjunction with and complement the interior lighting as you enter or exit the cabin. Alternatively, you can choose Personalised Treadplates and have your name, model or registration crafted into a design that echoes the iconic Bentley matrix grille.

BENTLEY

Home from home.

Transform your Flying Spur into an oasis of calm with the Bentley Relaxation Pack. The pack features two luxurious branded hide scatter cushions and two foot wedges individually trimmed to match the colour of your interior.

Style over substance.
Substance over style.
Both, utterly unthinkable.

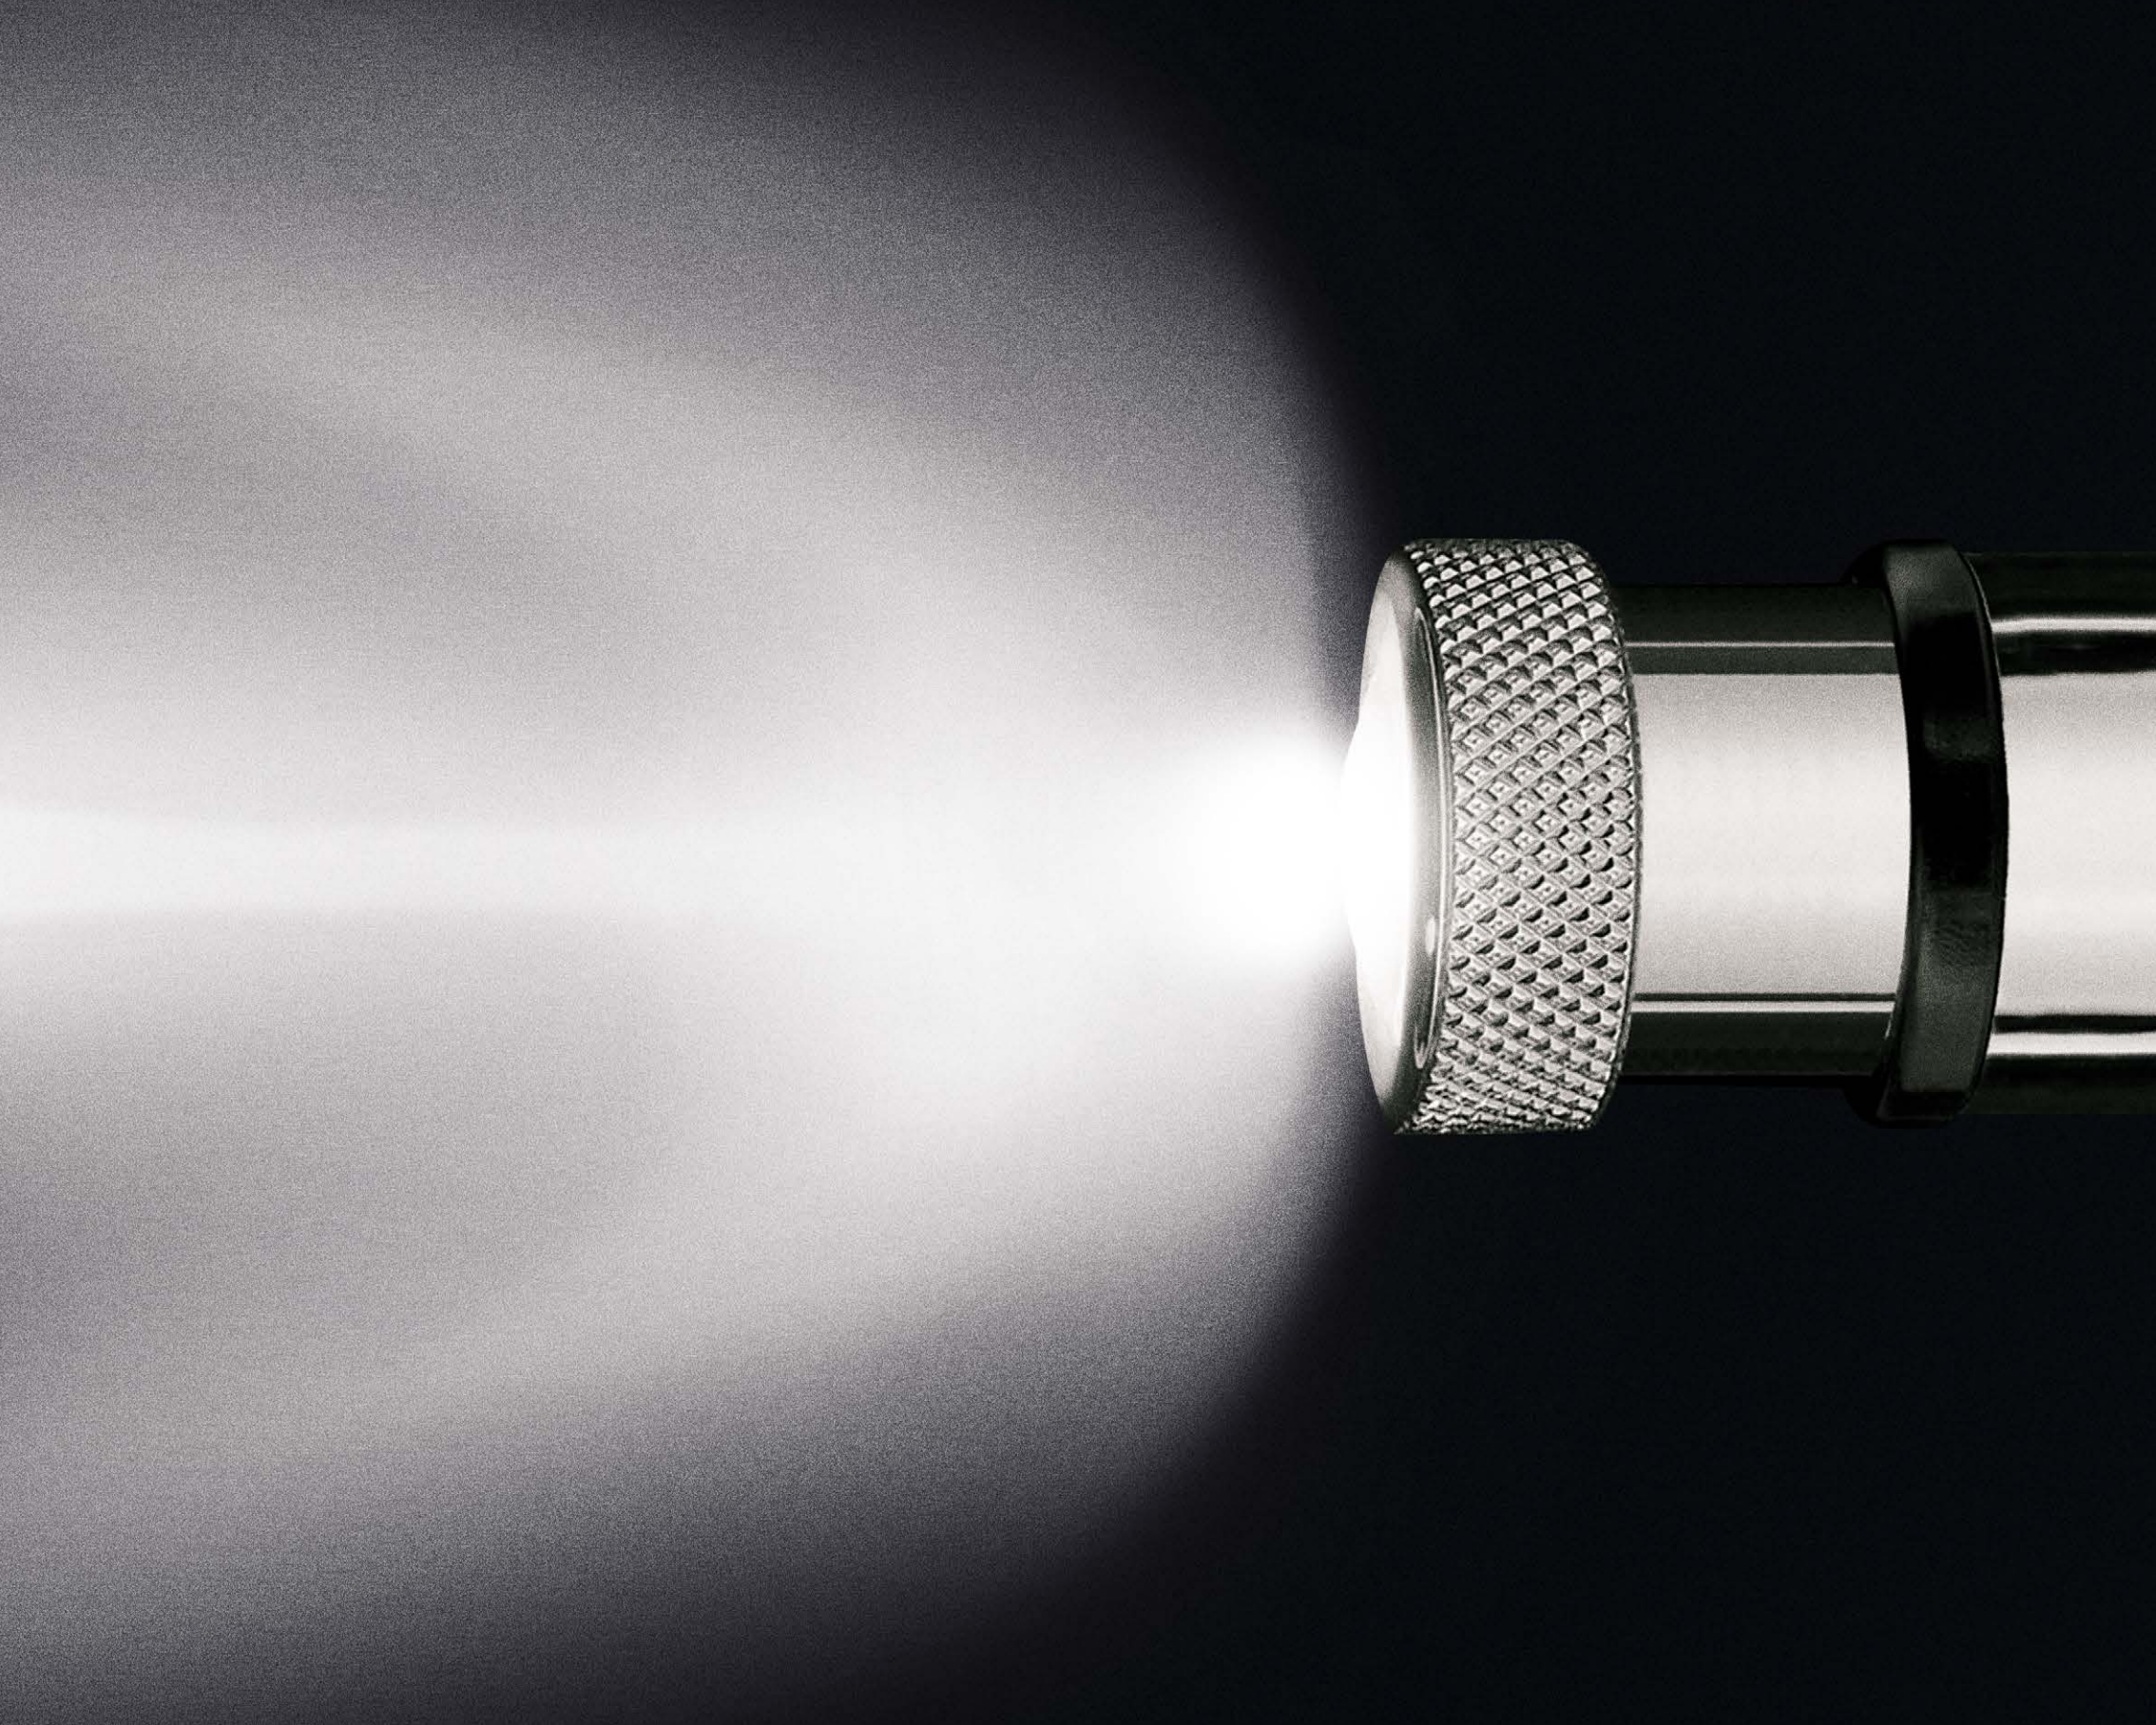

Whether for pure driving enjoyment or essential protection, nothing should compromise the supreme joy of putting your foot down in a Bentley. Lambswool Rugs, made from the softest natural lambswool, offer the ultimate in underfoot luxury. Or you may prefer Deep Pile Overmats made from high-quality woven pile. Both are available as sets of four in a range of colours to complement your cabin.

For adverse conditions, All Weather Floor Mats provide high-quality protection and excellent grip, even when wet. Tailored to fit perfectly within the footwell, the branded floor mats have raised edges so no water or dirt can get underneath.

EXTRA
DETAILS

ALWAYS PREPARED

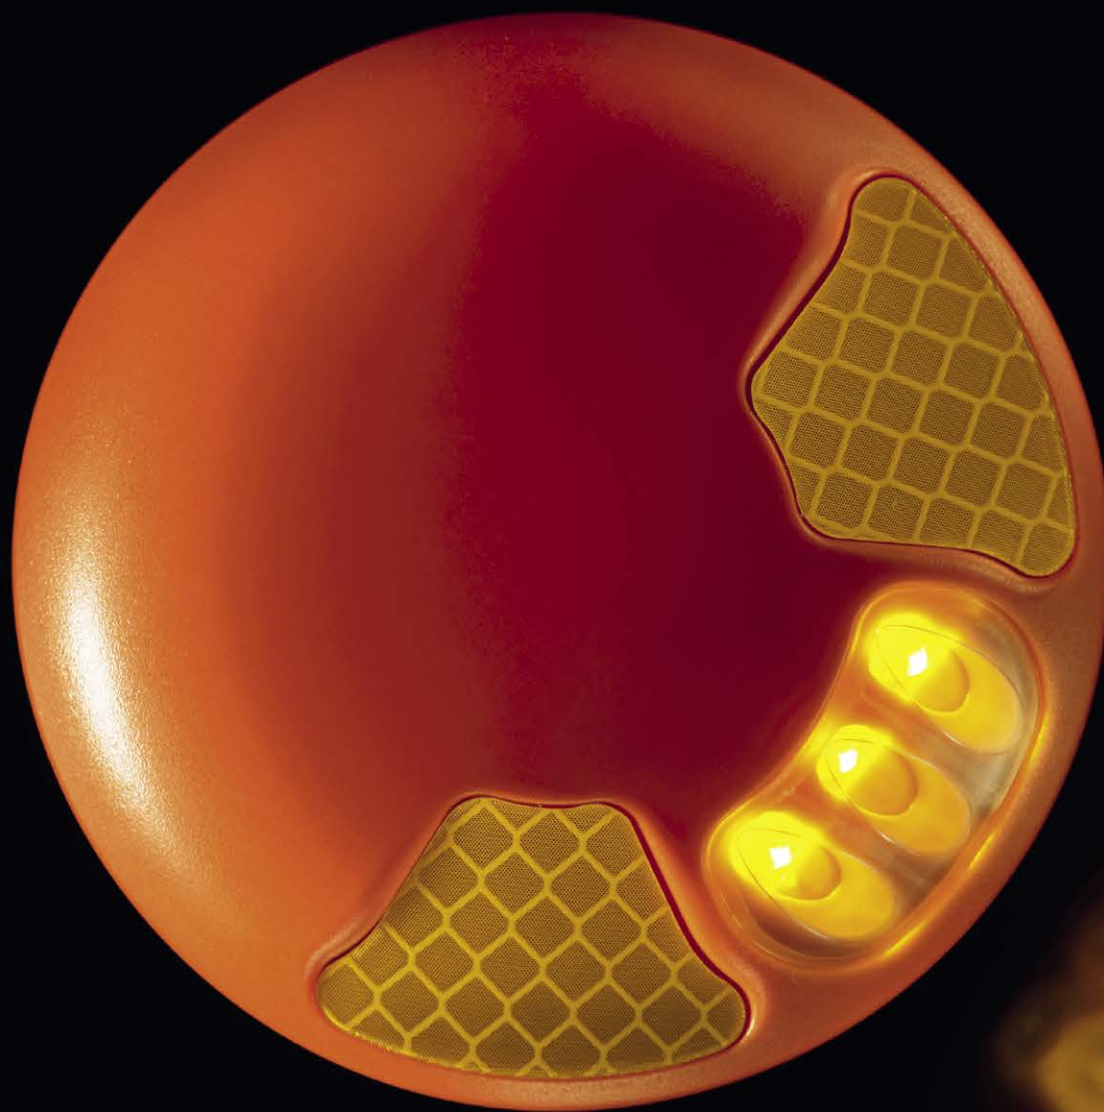

As the weather is typically unpredictable, the unknown can now be faced with ease thanks to the Flying Spur's Umbrella Stowage. Subtly situated on the underside of the luggage compartment lid, it provides storage for two telescopic umbrellas so you need never be caught off guard (umbrellas available separately).

For picnic weather, the Bentley Cooler Bag is the perfect travel companion. It features a thermo-electric control to keep food and drink warm or cool at the right temperature, to please even the finest of diners.

This handy Stowage Box, hand-crafted in veneer to match the internal specification of your vehicle, is situated in the front centre console. The leather-lined case is the perfect place to keep keys, pens and glasses and is easy to take with you upon leaving your Bentley.

Safety with style.

No one likes to be left out in the dark and the following accessories ensure that you never will be. Introducing the Jewelled Torch, with hallmark knurling and Bentley 'B' etched onto the lens. The Hazard and Emergency Warning Light Set, which emits bright flashing lights when placed on the ground.

Out of sight, not out of mind.

If you should choose to keep your Flying Spur in storage, a set of Tyre Cradles will help you to keep your tyres in an optimum condition. Upon your return, the Digital Tyre Pressure Gauge, a stylish and simple way to accurately measure tyre pressure to plus or minus one PSI, will check your tyres are ready for the road. Finally, the Bentley branded Battery Charger helps maintain the charge and condition of your battery.

BENTLEY

FLYING SPUR

Fits like a glove.

Indoor Covers offer an extra barrier against the damaging effects of moisture and dust that your vehicle can be subjected to even when stored inside. If your Bentley resides outdoors then Outdoor Covers are available to protect the paint finish and brightware from extreme weather and pollution. Both are custom stitched to the unique contours of your Flying Spur and can be personalised with either your name, the model name, registration number or bespoke text embroidered along each side.

- PERSONALISED INDOOR CAR COVER
- INDOOR AND OUTDOOR CAR COVERS

It's a lifestyle choice.

Lifestyle is a personal choice; such is the case for the following addition. Behold the beautifully designed Smoking and Non-Smoking Options. The Smoking Option features a cigar lighter, Bentley 'B' embossed ashcan and anti-slip mat. While the Non-Smoking Option offers an anti-slip mat, cup holder assembly for two cups and 12 volt power socket.

LET NOTHING
COME BETWEEN YOU
AND YOUR BENTLEY

The Tyre Inflation Kit is a temporary solution for minor punctures. The kit consists of a canister and compressor and will instantly repair the puncture to help keep you on the road.

For better performance in harsh weather, Spikes-Spider™ Snow Chains offer a long-term solution and are easy to fit and remove.

For a smart temporary measure, the AutoSock® provides extra grip in ice and snow.

PROTECT YOUR BENTLEY
FROM YOUR LUGGAGE

When loading or unloading luggage or particularly heavy equipment, the carpeted Heavy Duty Luggage Compartment and Bumper Protector unfolds to help protect the rear bumper of your vehicle from damage.

In the unfortunate event of having to change and store a damaged tyre, the Wheel Bag will protect the interior of your luggage compartment. Each bag holds one wheel and tyre.

Designed to protect the original carpet floor, the Luggage Compartment Overmat, embroidered with the Bentley logo, fits perfectly into the rear of your vehicle.

LOOKING AFTER YOUR INDIVIDUALITY

Touch-Up Paints offer a simple way to maintain the original paint finish of your vehicle. Specially formulated to the same specification as the original colour, the paint covers small scratches and marks quickly with a long-lasting finish.

Your car personifies your character, so keeping it looking pristine is of the upmost importance. Hide Food is specially formulated to protect against the bleaching effects of sunlight. Regular use will also renew surface protection and feed it for a smooth and softer look.

● HIDE FOOD

Maintaining and preserving the beauty of your Bentley requires a set of products specifically developed for the task. Created exclusively for Bentley by Autoglym™, the Car Care Kit contains everything you need to maintain the original finishes of your vehicle, whilst nourishing and protecting each individual surface.

● AUTOGLYM™ CAR CARE KIT

Autoglym™ High Definition Wax provides a flawless glossy appearance to the exterior of your car. Every surface treated has exceptional durability and resistance to environmental contaminants including salt, detergents, UV light, acid rain and industrial fallout.

● AUTOGLYM™ HIGH DEFINITION WAX
