Engine Immobiliser System <w/ Smart Key System> , Smart Key System , Starting <w/ Smart Key System> , Steering Lock <w/ Smart Key System> , Wireless Door Lock Control <w/ Smart Key System>

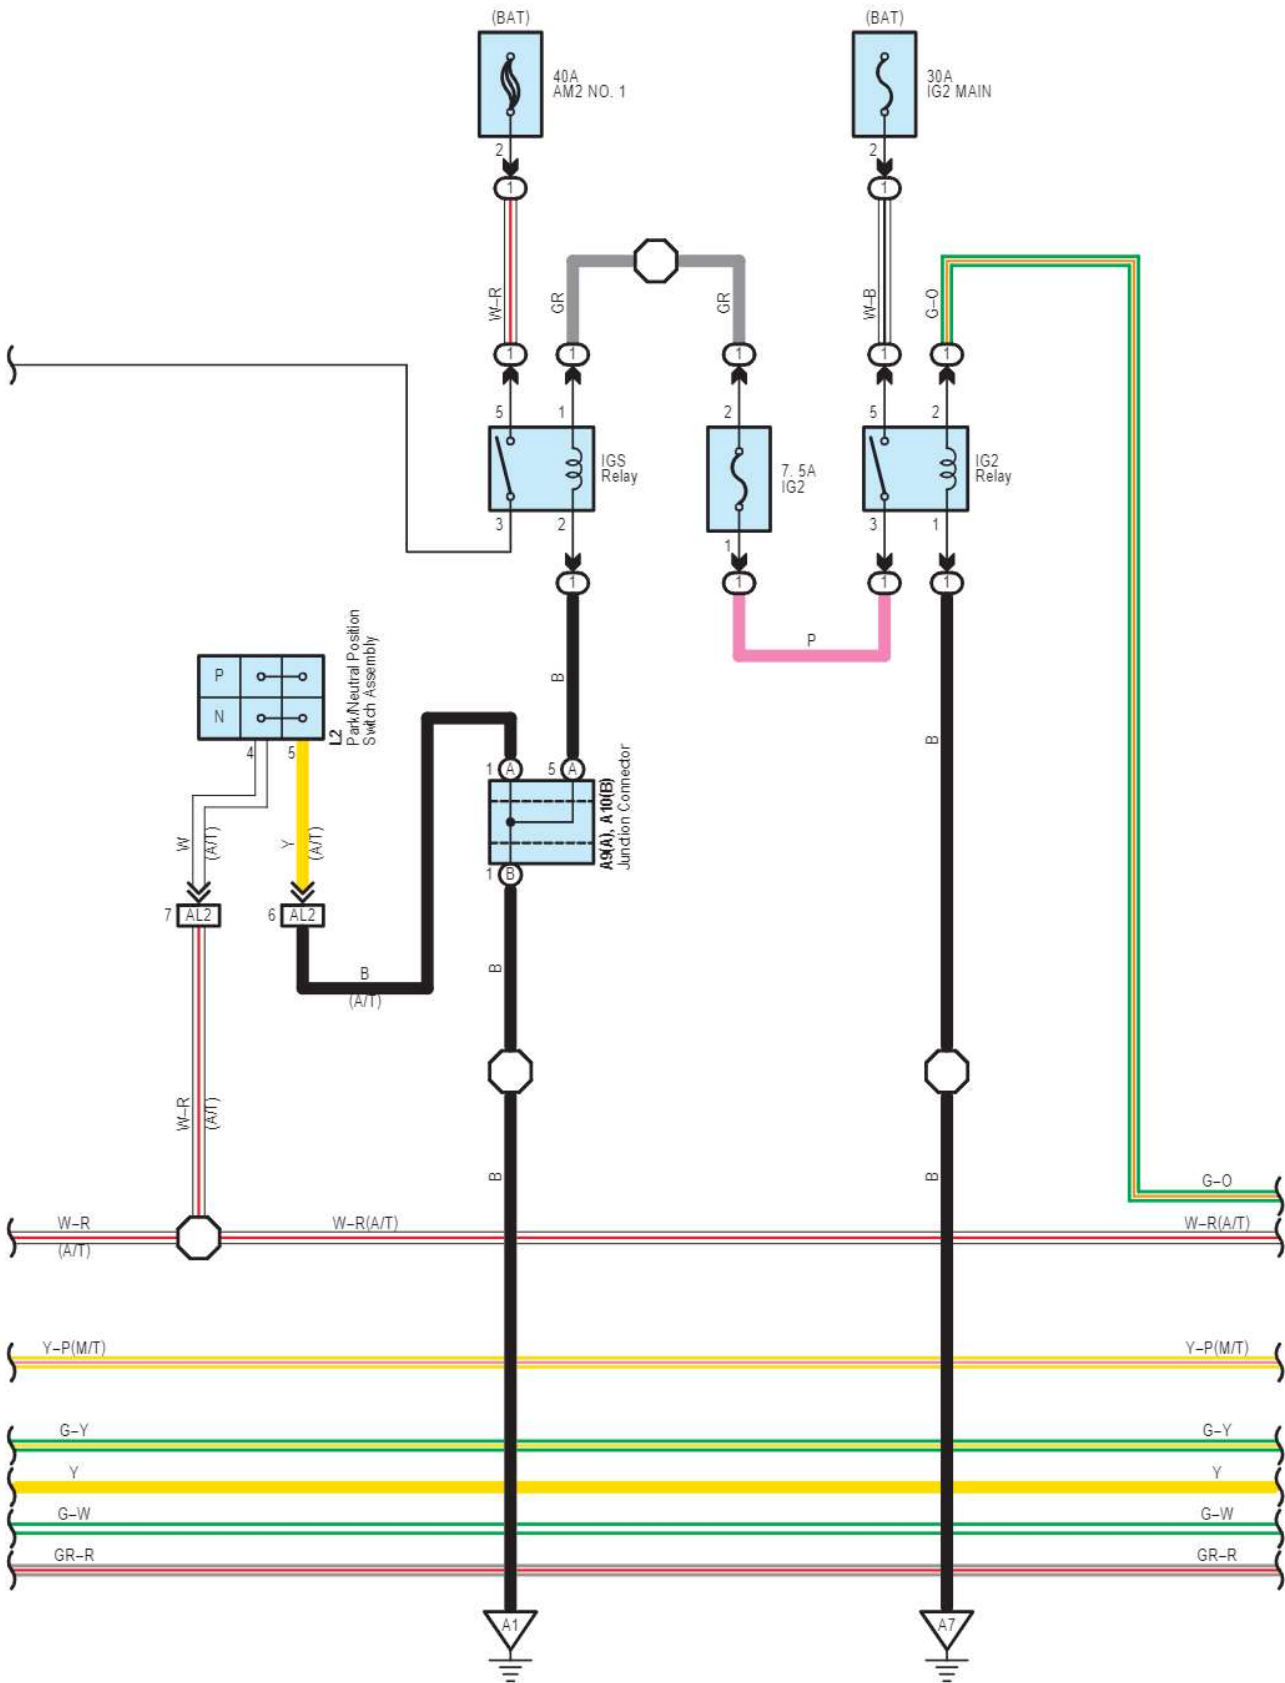

Engine Immobiliser System <w/ Smart Key System> , Smart Key System , Starting <w/ Smart Key System> , Steering Lock <w/ Smart Key System> , Wireless Door Lock Control <w/ Smart Key System>

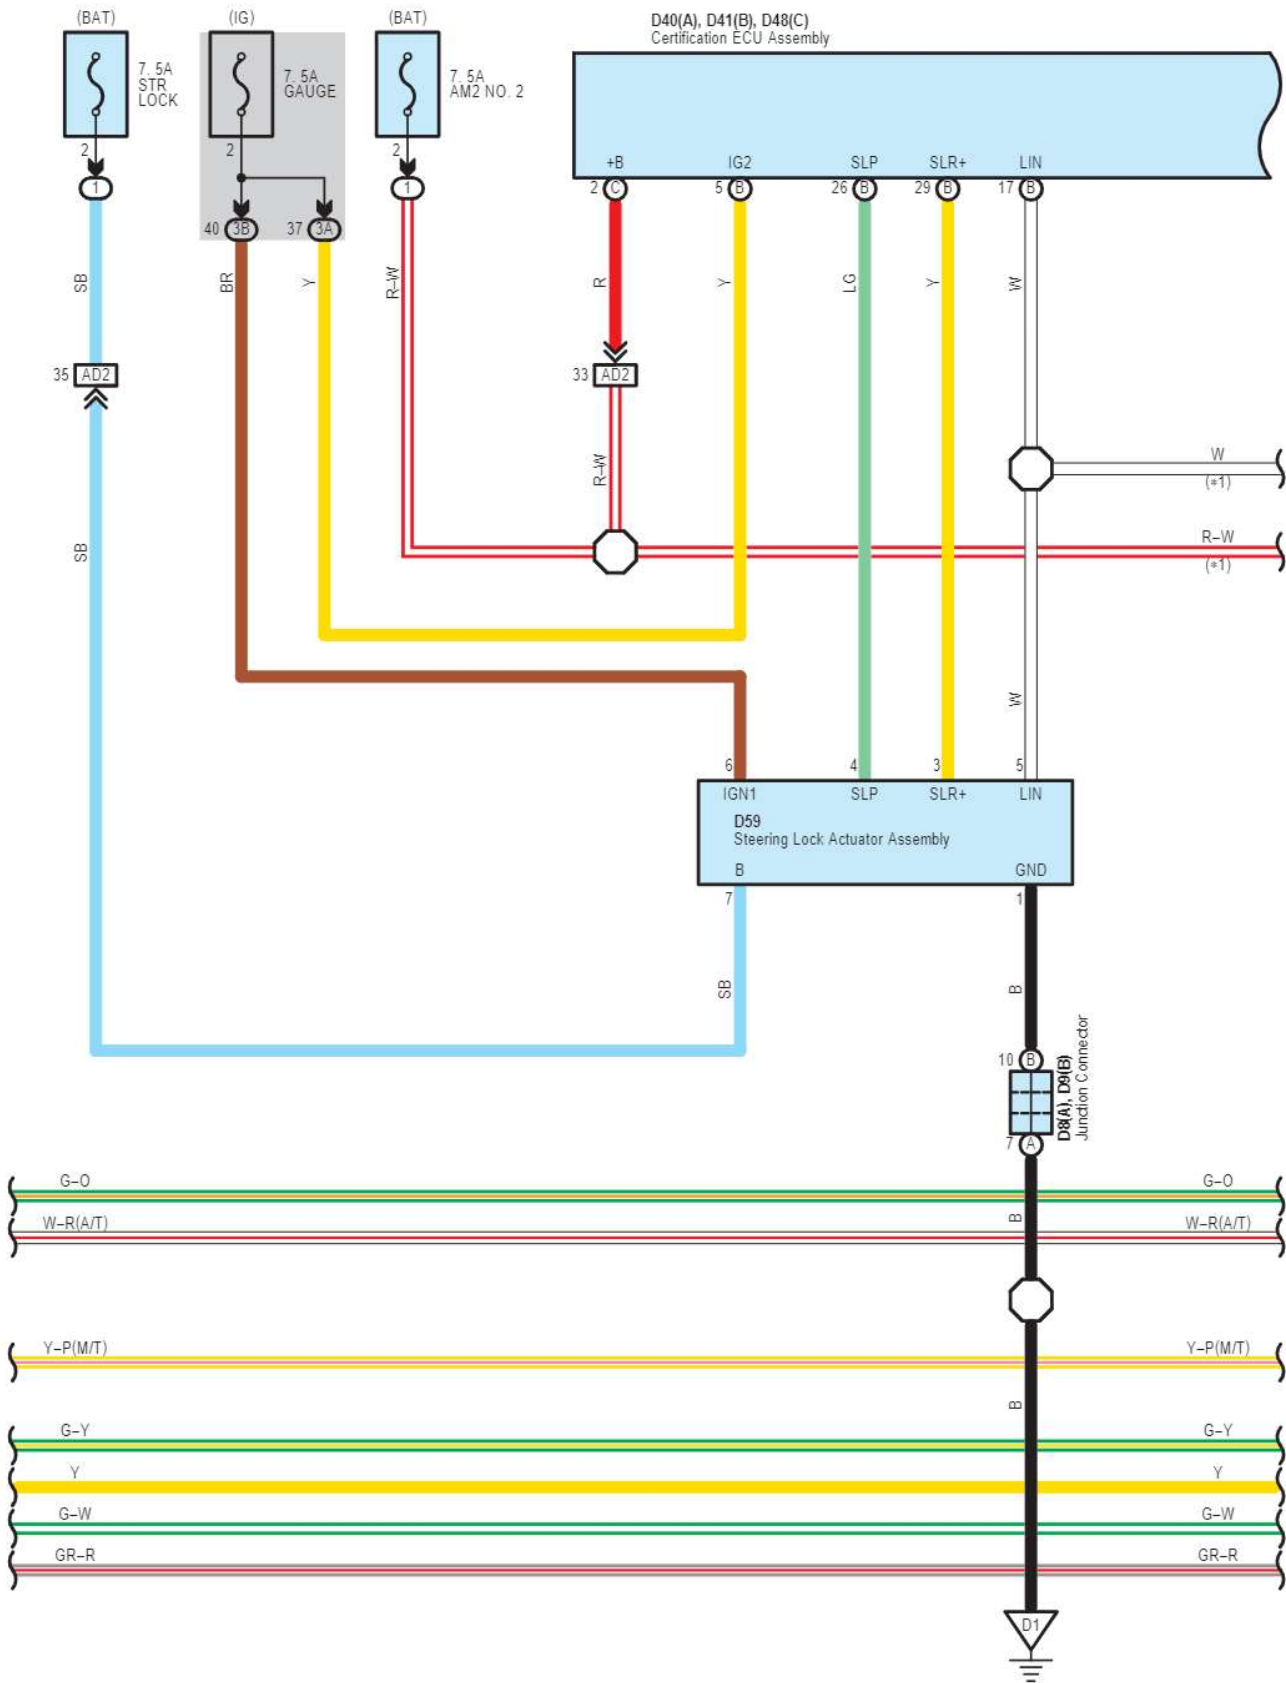

Engine Immobiliser System <w/ Smart Key System> , Smart Key System , Starting <w/ Smart Key System> , Steering Lock <w/ Smart Key System> , Wireless Door Lock Control <w/ Smart Key System>

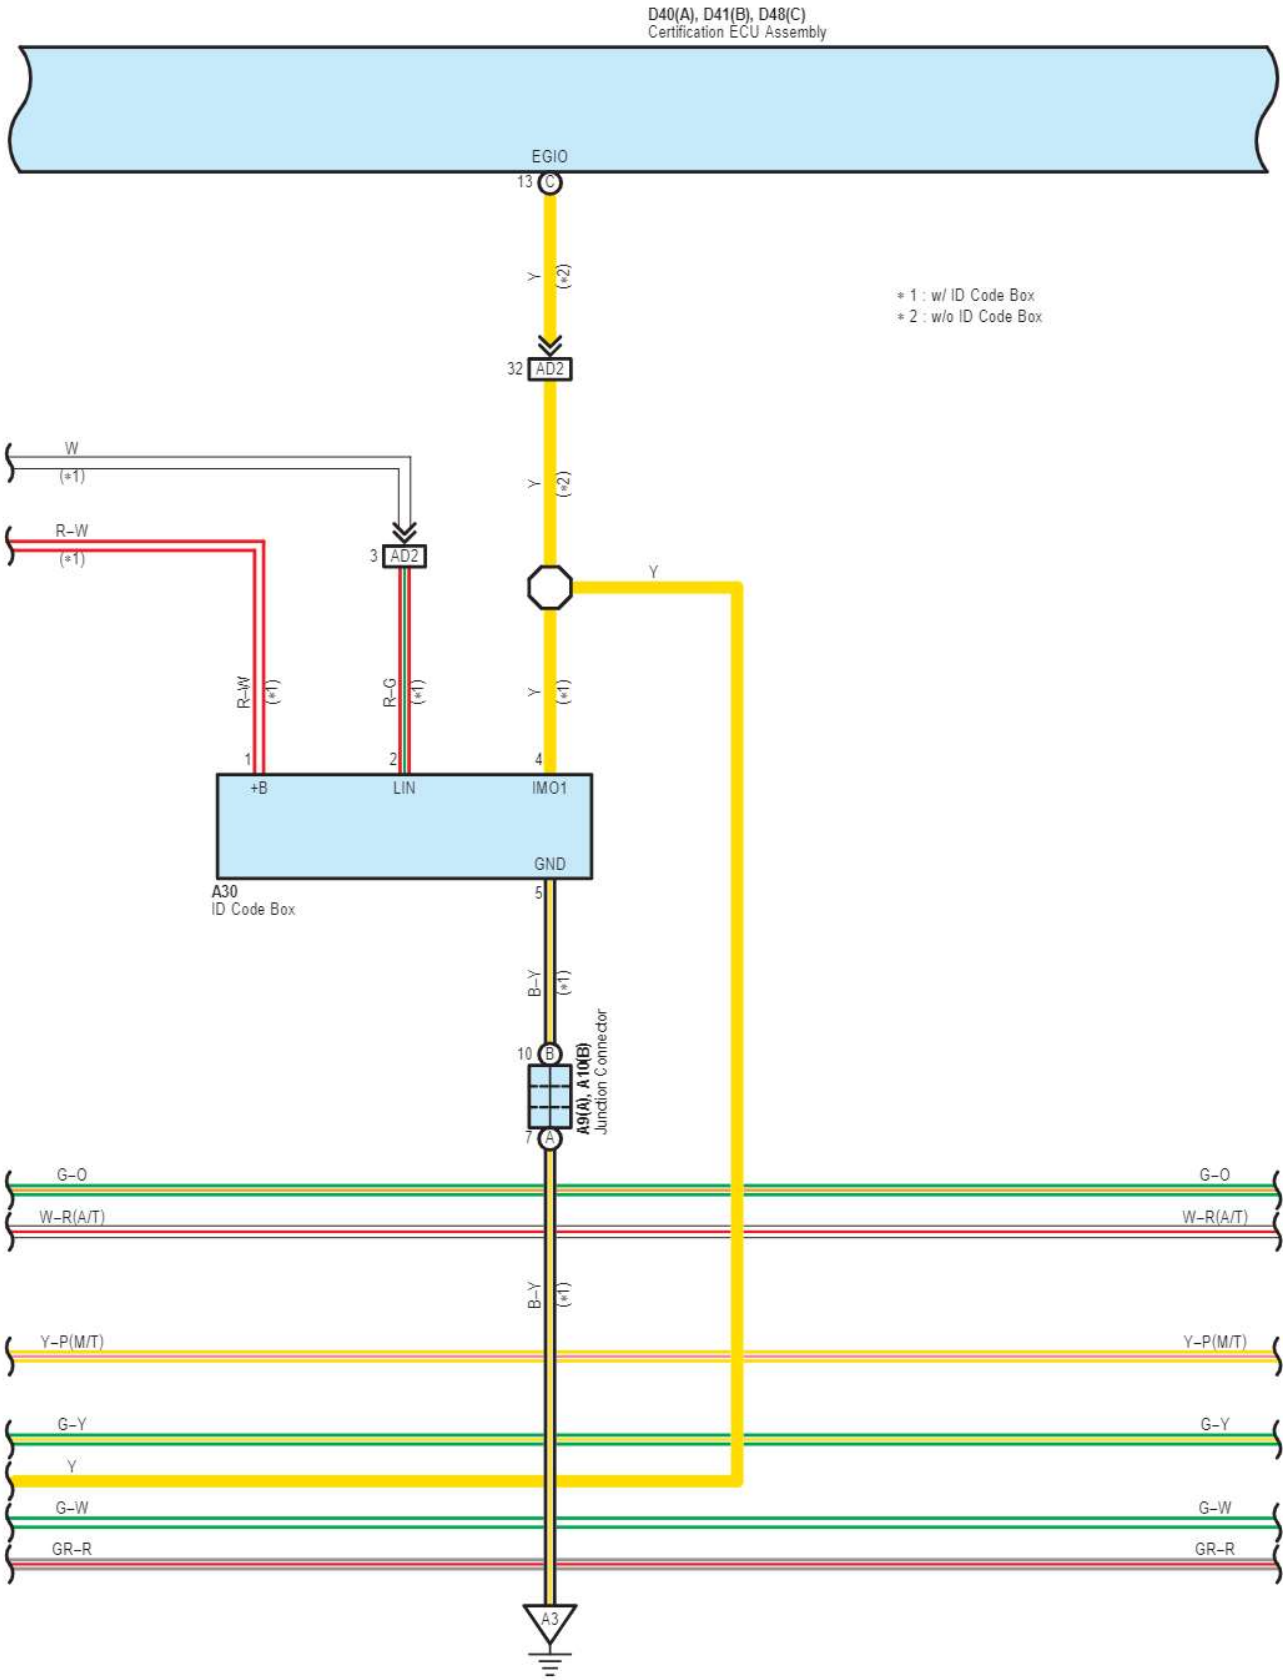

Engine Immobiliser System <w/ Smart Key System> , Smart Key System , Starting <w/ Smart Key System> , Steering Lock <w/ Smart Key System> , Wireless Door Lock Control <w/ Smart Key System>

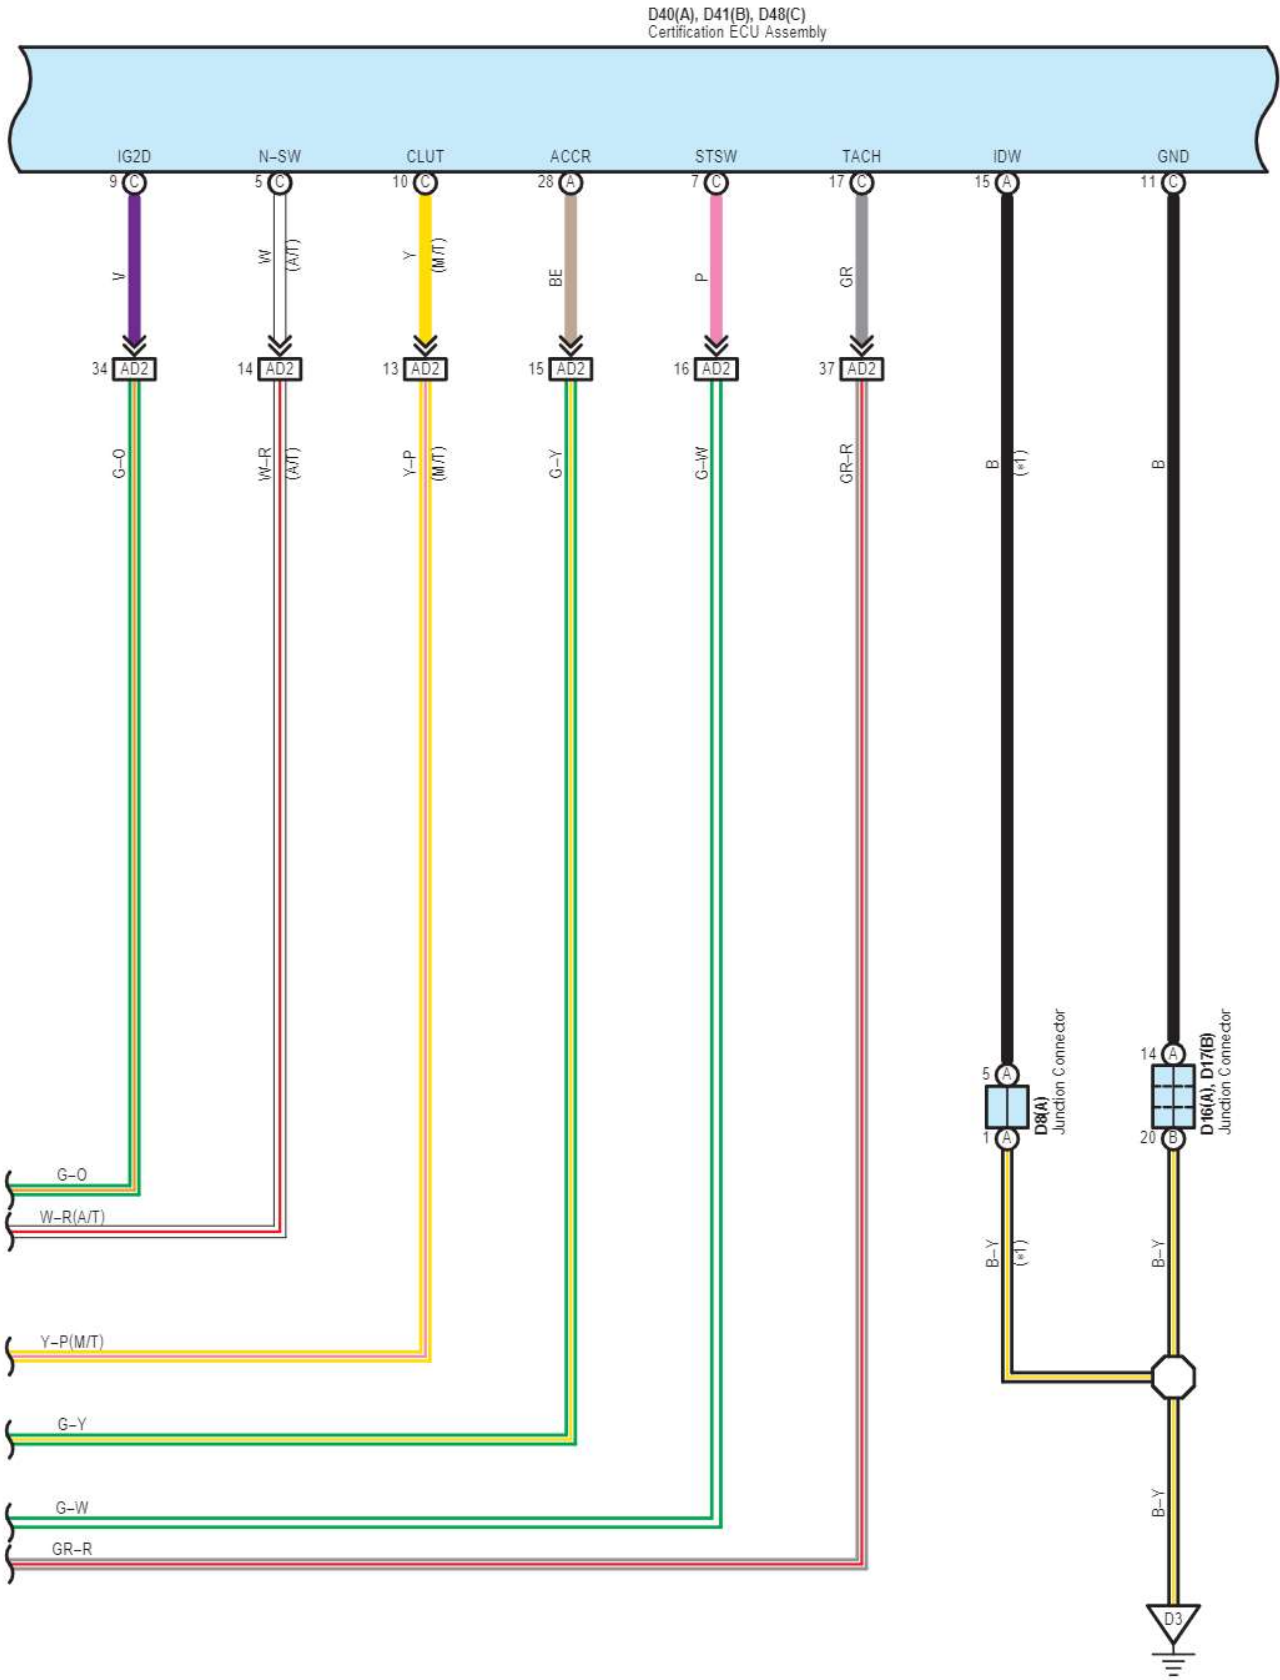

Engine Immobiliser System <w/ Smart Key System> , Smart Key System , Starting <w/ Smart Key System> , Steering Lock <w/ Smart Key System> , Wireless Door Lock Control <w/ Smart Key System>

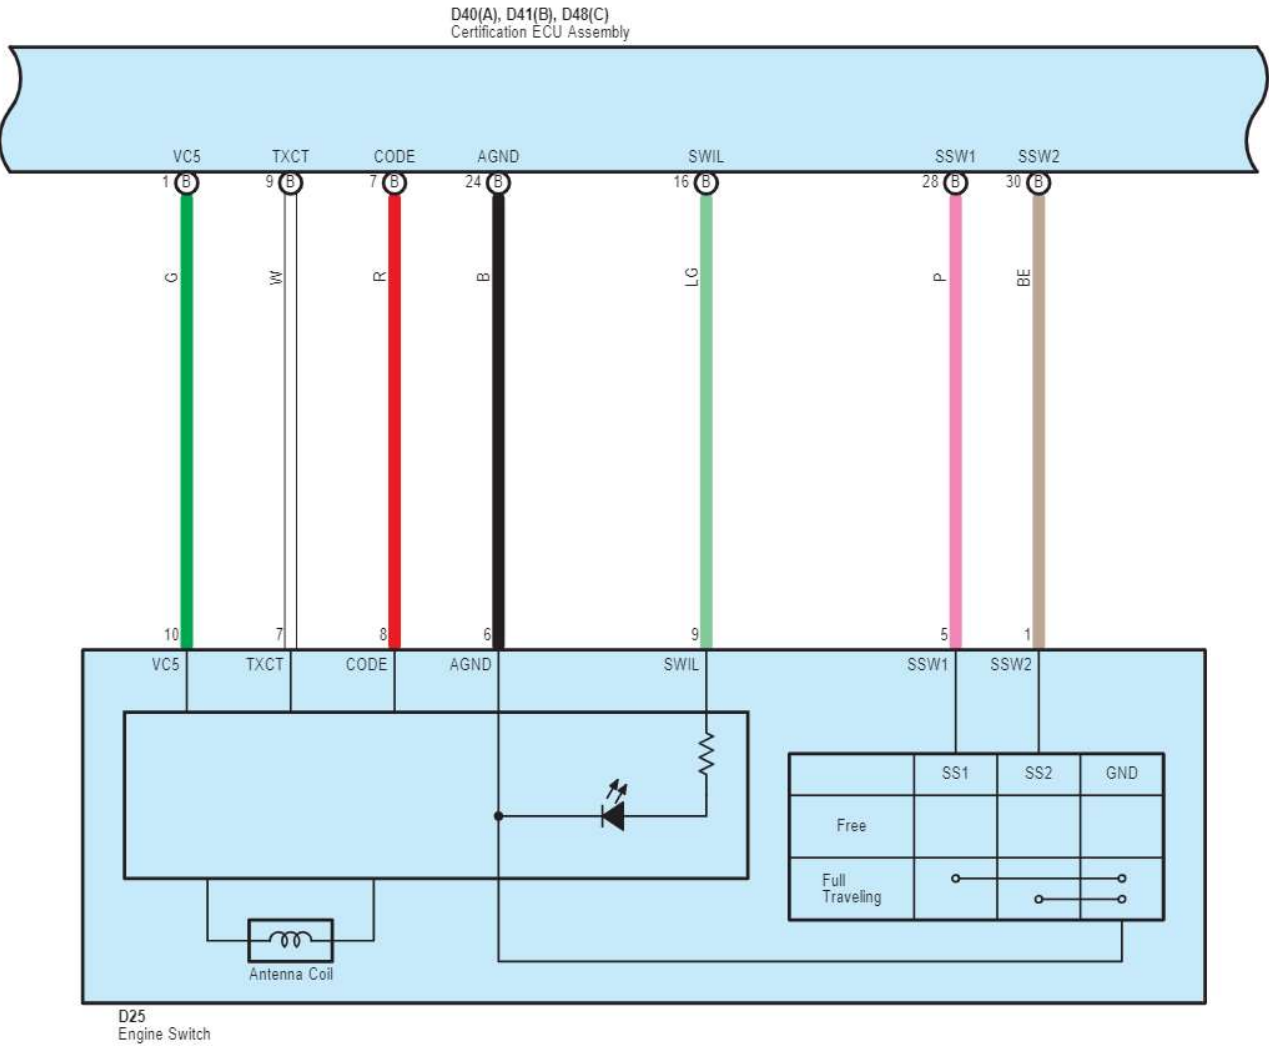

Engine Immobiliser System <w/ Smart Key System> , Smart Key System , Starting <w/ Smart Key System> , Steering Lock <w/ Smart Key System> , Wireless Door Lock Control <w/ Smart Key System>

Engine Immobiliser System <w/ Smart Key System> , Smart Key System , Starting <w/ Smart Key System> , Steering Lock <w/ Smart Key System> , Wireless Door Lock Control <w/ Smart Key System>

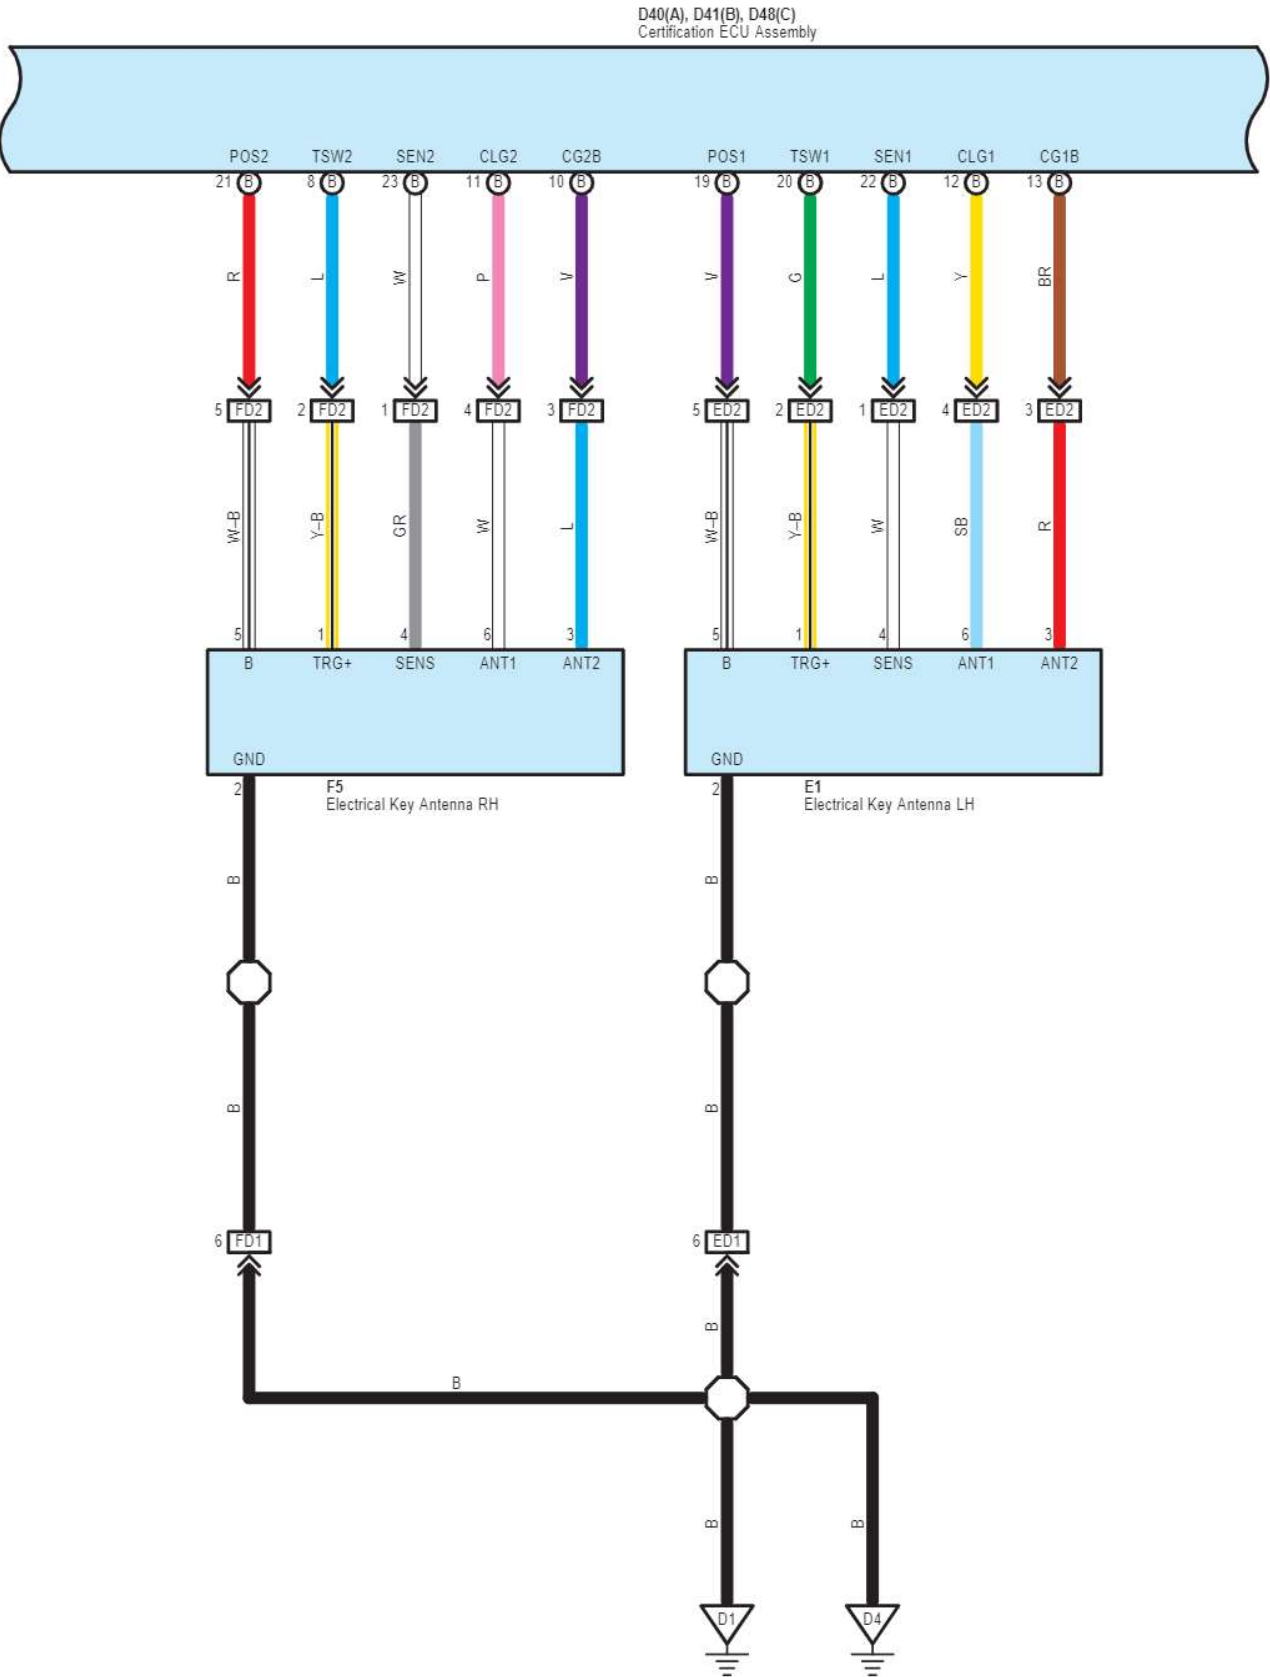

Engine Immobiliser System <w/ Smart Key System> , Smart Key System , Starting <w/ Smart Key System> , Steering Lock <w/ Smart Key System> , Wireless Door Lock Control <w/ Smart Key System>

Engine Immobiliser System <w/ Smart Key System> , Smart Key System , Starting <w/ Smart Key System> , Steering Lock <w/ Smart Key System> , Wireless Door Lock Control <w/ Smart Key System>

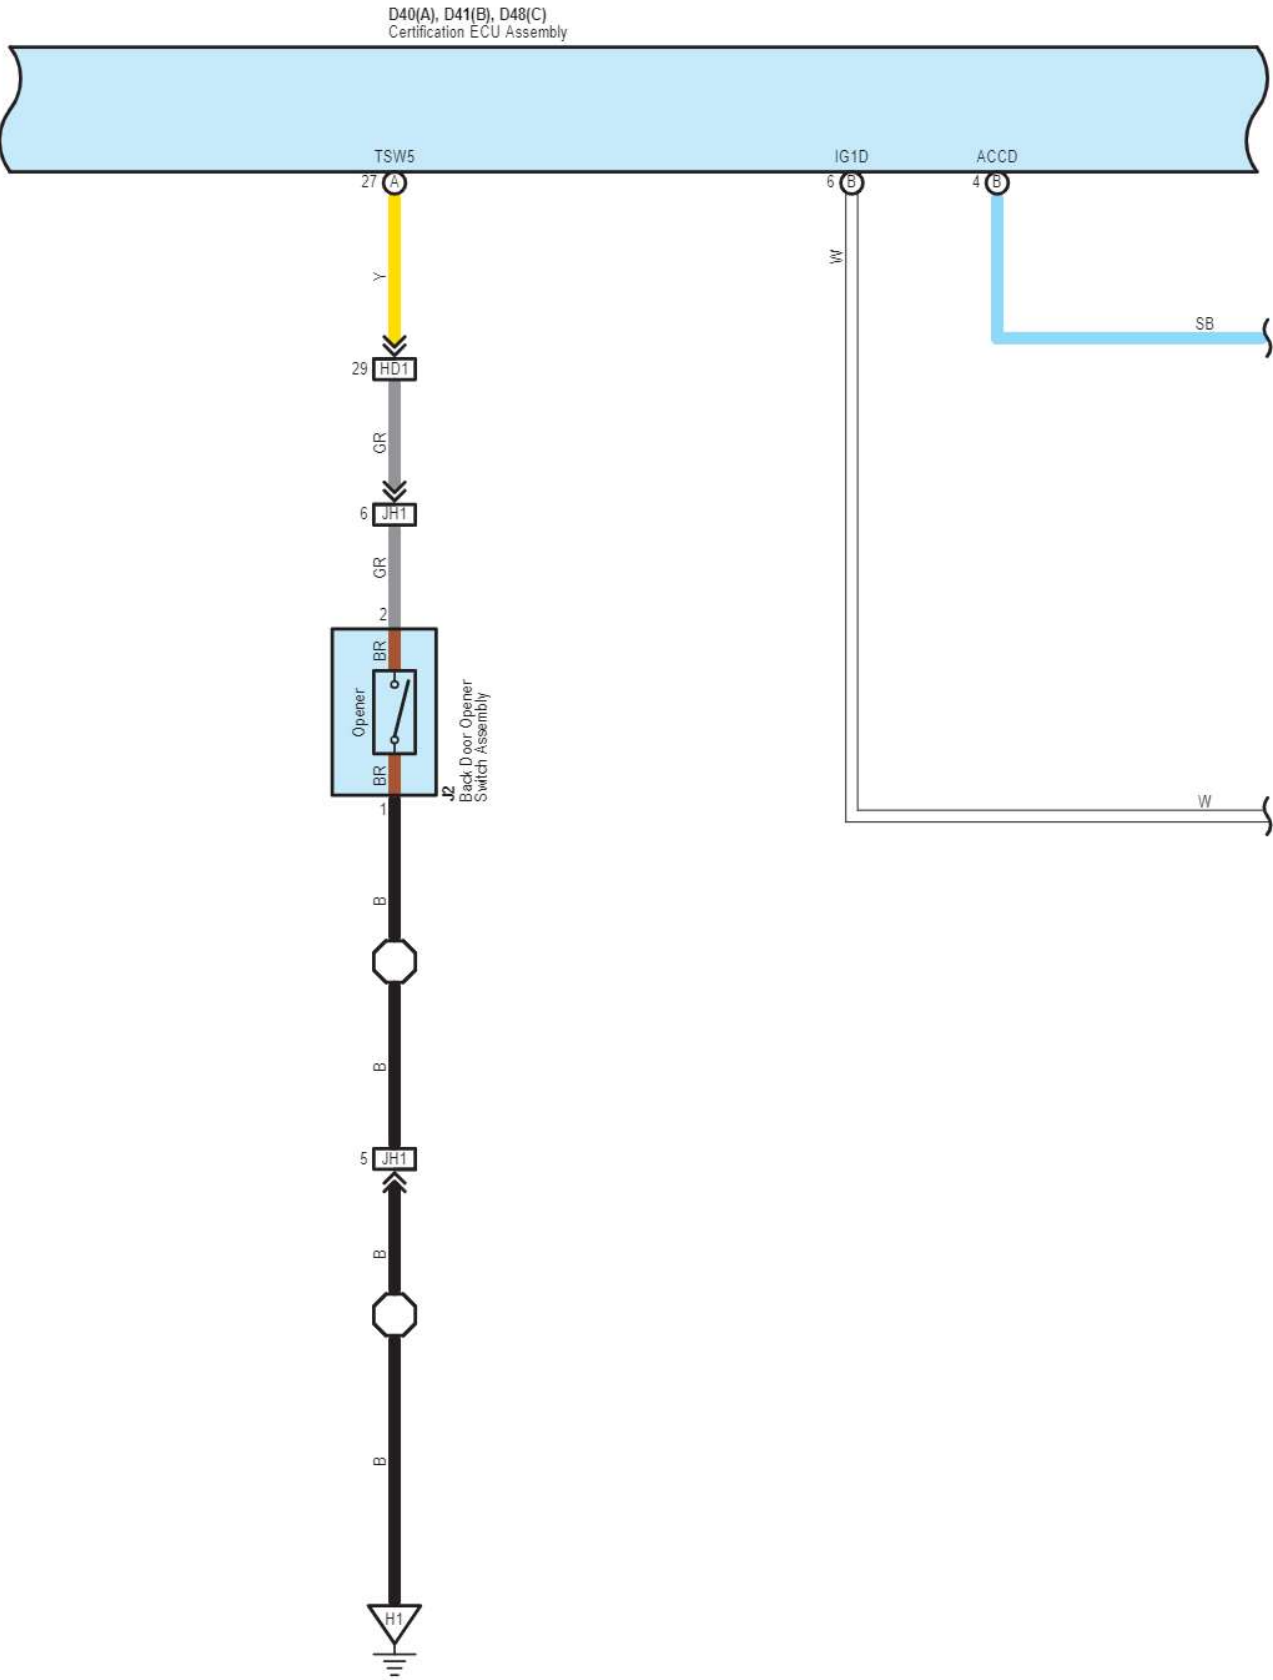

Engine Immobiliser System <w/ Smart Key System> , Smart Key System , Starting <w/ Smart Key System> , Steering Lock <w/ Smart Key System> , Wireless Door Lock Control <w/ Smart Key System>

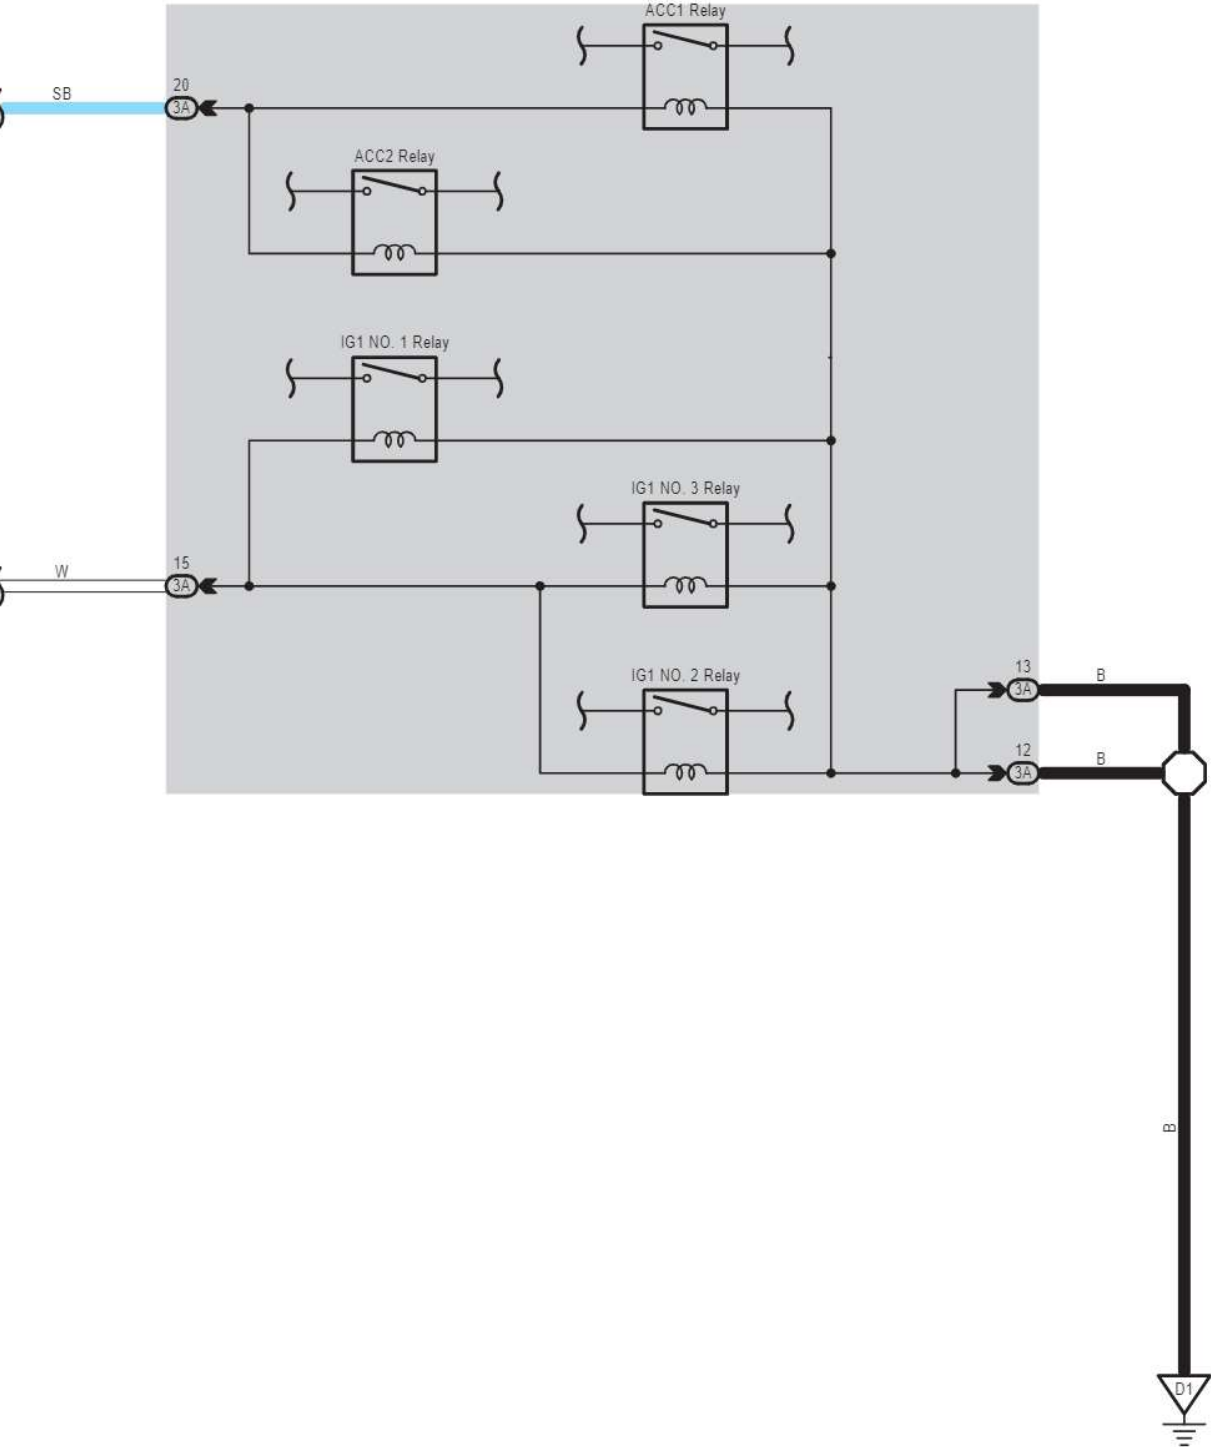

Engine Immobiliser System <w/ Smart Key System> , Smart Key System , Starting <w/ Smart Key System> , Steering Lock <w/ Smart Key System> , Wireless Door Lock Control <w/ Smart Key System>

The diagram illustrates the wiring for the Main Body ECU. It features several key components and their interconnections:

- Main Body ECU:** The central component at the top, with pins 11 (LSFD), 12 (LSFP), and 7 (TRLY).
- Fusible Link Block Assembly (A75(A)):** A 140A ALT fuse assembly connected to the battery (BAT) via wire W.
- Relays:** Includes a TAIL Relay and a relay controlled by the B-R signal.
- Wires and Connections:**
 - W:** Battery connection wire passing through the fusible link block.
 - B-R:** Brake Release signal wire connecting to the tail light relay and other components.
 - BR:** Brake Release signal wires branching from ED2 and FD2.
 - ED2 and FD2:** Diagnostic or control points receiving signals from LSFD and LSFP.
- Grounding:** The bottom section shows common ground rails labeled R (Red), G (Green), and P-G (Purple/Green).
