2006 Honda Ridgeline Stainless Steel Running Board Accent Kit

D 20 G6R

Part #1356-4920-06

Quantity	Description	Part No.
2	Running Board Edge Mouldings	1356-4921-06
2	Running Board Mouldings w/Logo	1356-4923-06
1	Hardware Kit	1356-4925-06
4	3/8" Black Truss Head Screws	1999-9574-00
24'	.040" x 1/2" Double Faced Tape	3004-9248-92
11'	.030" x 1" Double Faced Tape	3004-9240-92

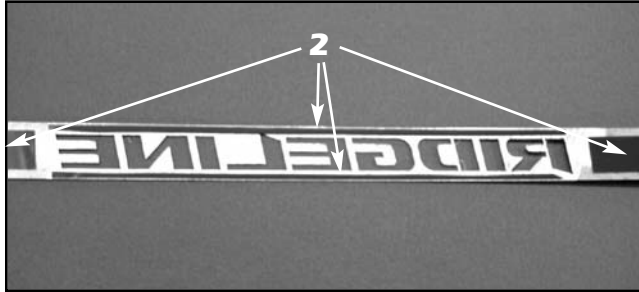

Notes to the Technician:

E&G is proud to present this package to you and reminds you that for technical information, contact Lynn Eash or Lee Clary at 410-381-4900. Do not attempt installation any E&G product without first reading the detailed instructions. E&G Classics will not warrant damaged parts or vehicle due to altered installation instructions.

----- IMPORTANT NOTES! ----- PLEASE HANDLE WITH CARE. THE EDGES OF THE STAINLESS STEEL MOULDINGS ARE EXTREMELY SHARP!

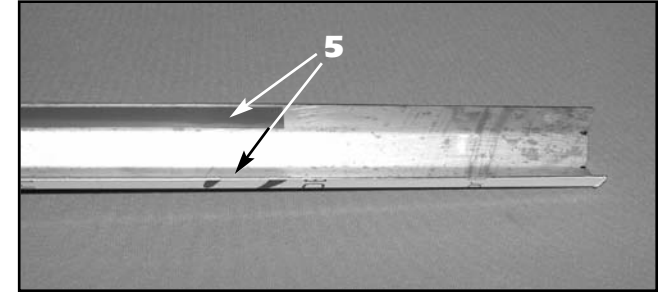

To remove the protective backing glue, wipe the parts with a soft cloth and a mild solvent, followed by glass cleaner and a soft cloth to remove the solvent residue. E&G recommend the use of an adhesive promoter such as "ProBond" or equivalent, making sure you do not get any excess adhesive promoter on the plastic not covered by the stainless steel moulding (do not apply where the logo cut out is located).

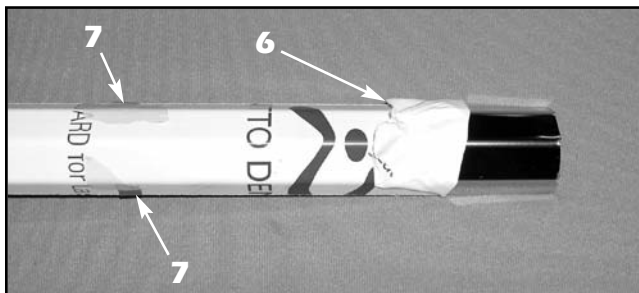

1. Wipe the back of all the stainless accent mouldings with alcohol and allow to dry.
2. Apply 1" double faced tape to the back of the logo moulding, stopping 3" from each end. Trim and install a thin strip of double faced tape above and below the logo as shown.

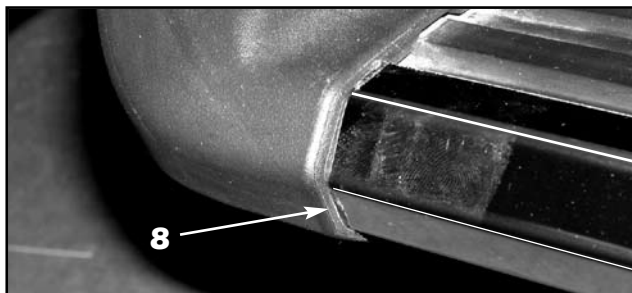

3. Peel off the double faced tape backing above and below the logo.
4. Peel back a small section of the remaining sections of tape, align the ends of the stainless moulding under the running board end caps, peel of the tape backing and press the moulding firmly in place to set the tape.

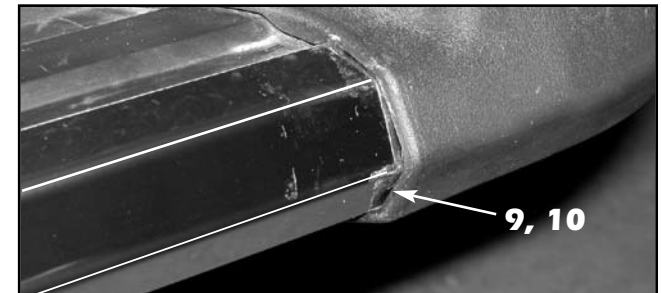

5. Apply a strip of 1/2" double faced tape to the inside edges of the running board edge moulding (where shown, see arrows). Stop the tape 6" from each end of the mouldings.

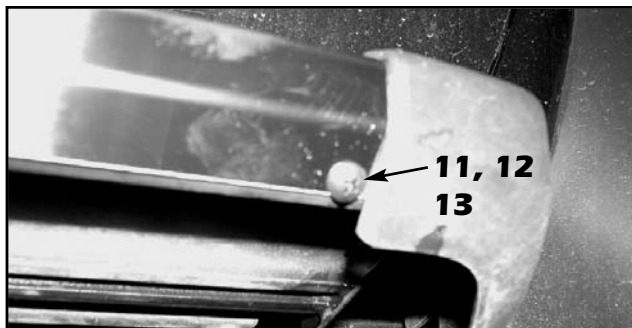

6. Peel back an inch or two of the protective covering from each end of the moulding prior to running board installation.
7. Peel back a small portion of the double faced tape liner and tape it to the front of the moulding to prevent it from tucking back under the moulding during the alignment procedure.

8. Carefully insert the edge of the moulding underneath the running board front end cap far enough for the rear edge of the moulding to clear the rear end cap.

9. Pull up on the running board rear end cap and slide the moulding underneath the edge approximately 1/4" to 1/2".
10. Once the running board mouldings are properly aligned, care full pull out on the center of the moulding and remove the double faced tape backing. Push the moulding tight against the running boards to properly seat the tape.

11. Use a .125" (1/8") drill bit to drill through the existing holes in the bottom of the running board.
12. Blow out metal shavings and apply a high quality sealer to prevent future rust problems.
13. Install the supplied 3/8" truss head screws to finish.

WARRANTY INFORMATION:

E&G Classics, Inc. warrants its chrome parts and products to be free from defects in material, workmanship or finish for Twenty-Four (24) months from the date of shipment by E&G. This warranty is limited to the repair or replacement, at E&G Classics option, of the defective part or product. **To obtain performance under this warranty you must:**

- 1.) Present your E&G unit to an authorized distributor in your area with proof of purchase.
- 2.) If no distributor is available, contact E&G Classics (address below) for authorization to return unit.
- 3.) Returns - All unauthorized returns will be refused. Merchandise approved by E&G for return must have been purchased within the Twenty-Four (24) months. All returns require an authorization number obtained from E&G and the actual return must be accompanied by the written authorization form filled out completely. All merchandise must be inspected upon receipt and shortages reported within 48 hours. All merchandise must be in a resalable condition. Merchandise must be packed carefully in the original packing. If original packing is no longer usable, repack item(s) comparable to original manner. All returns are subject to a 25% handling charge. Special order items are not returnable. Defective merchandise must have an explanation of the problem. No credit will be issued unless invoice number and date of purchase has been supplied. Manufacturer shall be sole judge of defects in a product.
- 4.) UPS accounts - All returns must be prepaid. Do not send return shipments freight collect. Once E&G has made its decision and it is a claim against our warranty policy, E&G will credit incoming freight on damaged parts.
- 5.) No discontinued part or parts changed due to body style are returnable.

For Return Authorization, write or telephone: E&G Classics, Inc., 8910 McGaw Court, Columbia, MD 21045 (410) 381-4900 Attn: Return Department

You are responsible for inspecting all packages containing E&G Classics' parts and product immediately upon their receipt and must file a claim with the carrier for any damage disclosure by such inspection and notify E&G classics in writing at the above address of any such damage. This warranty does not extend to any of our products which have been subject to misuse, neglect, accident or have been altered or repaired in any way. This warranty does not cover any accidental or consequential damages for any breach of this warranty agreement. E&G Classics shall have no responsibility for any loss of time, inconvenience, commercial loss or consequential damage, nor shall E&G be liable for any injury or damage to persons or property by reason of any defect in material, workmanship or finish of its parts or products. This warranty gives you specific legal rights and you may also have other rights which may vary from state to state.
