

Canada 

FORWARD THINKING.

General Motors continues to invest in technologies that reduce greenhouse gas emissions and lessen the dependence on petroleum. Beyond today's hybrids and alternative fuel solutions, GM is developing game-changing technology with the upcoming Volt plug-in electric car and a test fleet of zero-emissions Hydrogen Fuel Cell Vehicles already on the road.

GM also demonstrates its commitment to environmental sustainability by the way it produces this brochure. Research has told us that people like you continue to value printed brochures. So GM prints them on Forest Stewardship Council-certified paper. The goal is to protect wildlife habitat, ensure clean water and to keep forests healthy.

It's just one more way that GM integrates green thinking into every aspect of its activities. Just like you.

For more information about the scope of GM's green initiatives, visit greenbydesign.gm.ca

09 TRAVERSE

09 TRAVERSE

CUT A SWATH THROUGH THE EVERYDAY.

Make your own way – and leave everything else behind. In a vehicle that showcases sophisticated design, inspiring performance and incredible functionality. With advanced technology highlighted by a 3.6L V6 engine that employs Spark Ignition Direct Injection (SIDI) to deliver remarkable output, yet exceptional fuel efficiency. Add to that, the enhanced driver control provided by the standard StabiliTrak™ electronic stability control system and traction control. In a cabin that lets you take it all in with seating for up to eight, plus class-leading maximum cargo space.* As for safety – nothing less than the highest possible U.S. government frontal and side-impact crash test rating – five stars.** Traverse also earned the Insurance Institute for Highway Safety (IIHS) “Top Safety Pick 2008.”† The vehicle that helps you make the most of every day. Introducing the 2009 Chevrolet Traverse.

*Based on 2008 GM Mid-Utility Crossover segment and latest available competitive information. Excludes other GM vehicles. Cargo and load capacity limited by weight and distribution.

**Five-star rating is for the driver and front-passenger seating positions in the frontal crash test and for the front and rear seating positions in the side-impact crash test. Model tested with standard side-impact head curtain air bags. U.S. government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (NCAP) (safercar.gov).

†For more information, visit iihs.org/ratings

You organize your life around the activities that define you and the people you share the journey with. But for you, that's not enough. You don't simply want to arrive – you want to arrive in style. In a vehicle that's as expressive as it is functional. A vehicle that does more so you can too. Chevrolet Traverse.

**FIVE-STAR FRONTAL
AND SIDE-IMPACT CRASH
TEST RATING****

Traverse LTZ, shown in Silver Ice Metallic with available equipment.

NOT DESIGNED, CHISELLED.

Even a quick glance at the sculpted exterior lines reveal a striking and exquisitely detailed design, created after long hours of chiselling away at the moulding clay. A more thorough study shows even more of its character: the way the 20-inch ultra-bright aluminum wheels on LTZ create such a strong presence and how the jewel-like dual halogen projector headlights integrate with the contours of the body panels. Take an even closer look at the body panels themselves and you'll see tight gap tolerances that achieve world-class quality standards. Do you have designs on the 2009 Traverse?

Traverse LTZ, shown in Silver Ice Metallic with available equipment.

EIGHT ARE WELCOME. VERY WELCOME.

Family and friends are what it's all about. Traverse makes room for all of them with standard seating for up to eight across three rows. What distinguishes Traverse's cabin, though, isn't merely its seating capacity, it's the refinement. That's particularly true of Traverse LTZ. It features such premium amenities as the only heated and cooled front bucket seats in its class.* The LTZ driver's seat also enables you to tailor your comfort with power eight-way adjusters and a memory function. Top-stitched perforated leather-appointed seating in the first and second rows adds to the luxury. It gets even better, thanks to automatic tri-zone climate controls that enable you and your passengers to choose individual temperature settings. Welcome to a new level of comfort – inside Traverse.

*Based on 2008 GM Mid-Utility Crossover segment and latest available competitive information. Excludes other GM vehicles.

A one-hand movement sends the Smart Slide second-row seat into motion, quickly sliding it out of the way and allowing passengers of all ages and sizes to easily enter or exit the third row. In addition, the second-row seats move forward and rearward up to 8.9 cm (3.5 inches) and recline up to 4 degrees.

Traverse LTZ, shown in Light Cashmere with available equipment.

Traverse 2LT, shown in Ebony with available leather-appointed seating* and other available equipment.
 *Third-row is vinyl.

EVERYONE CAN USE AN EXTRA SET OF EYES.

There is no shortage of obstacles along your route. Traverse assists you with a series of technologies that enable you to see the unseen and keep you in touch with information that can help you during your journey. An available Rearview Camera System and ultrasonic rear park assist alert you to objects behind the vehicle when you are in Reverse. There's also an available navigation system that includes XM NavTraffic™* which provides real-time traffic data that helps you plan alternative routes to avoid the worst congestion. Along the way, your ears will appreciate the 130 channels of entertainment broadcast through the standard XM Satellite Radio™,** particularly when you hear it through the Bose® 10-speaker premium sound system that's standard on 2LT and LTZ models. See it all and hear it all in Traverse.

*At time of printing, real time traffic incident data is available for select metropolitan areas of the United States and for three metropolitan areas of Canada (Vancouver, Toronto and Montreal). Limited data flow is available for Toronto. Monthly subscription sold separately after 3 trial months.

**Available in 10 Canadian provinces and the 48 contiguous United States. Monthly subscription sold separately after 3 trial months.

Traverse LTZ instrument panel, shown in Light Cashmere with available equipment.

SIZE MATTERS.

You've got the stuff. Traverse gives you the space – a class-leading maximum cargo space of 3296 L (116.4 cu. ft.)* with the second- and third-row seats folded down. Even with all seats upright, Traverse offers class-leading cargo space behind the third-row seat.* Translation: yes you can bring it with you. And getting all that stuff into the cabin is made that much simpler by the standard Smart Slide™ second-row seat and the power remote liftgate that's included on 2LT and LTZ models. Looking for even more space – Traverse offers excellent towing capabilities, up to 2359 kg (5200 lb.), when properly equipped. With Traverse, you have plenty of room to move.

*Based on 2008 GM Mid-Utility Crossover segment and latest available competitive information. Excludes other GM vehicles. Cargo and load capacity limited by weight and distribution.

A power remote liftgate is standard on Traverse 2LT and LTZ models, enhancing access to the rear cargo area. With the vehicle in Park, simply press and hold the power-release button on the key fob and the liftgate opens automatically.

With the 2nd- and 3rd-rows folded flat, you have maximum cargo space.

NOTHING WAS OVERLOOKED IN THE DEVELOPMENT OF THIS VEHICLE.

The safety package in Traverse is as meticulous as its design and quality. That includes a series of features that help prevent an incident from occurring – features like the standard StabiliTrak electronic stability control system that intervenes to correct for oversteer and understeer. Or the blind spot convex mirrors that are integrated into the exterior rear-view mirrors, on LT and LTZ models, that aid you in identifying vehicles in your blind spot. Should a collision prove unavoidable, Traverse is equipped with six standard air bags,* helping it earn the highest possible U.S. government frontal and side-impact crash test rating: five stars.** And the standard OnStar®[†] system can direct emergency service providers to your exact location. It also includes one year of the Directions & Connections Plan with Turn-by-Turn Navigation.^{††} Just another example of how Traverse gives you one less thing to worry about.

*A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Even with the Passenger Sensing System, children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. Refer to the vehicle Owner's Manual and child safety seat instructions for more information.

**Five-star rating is for the driver and front-passenger seating positions in the frontal crash test and for the front and rear seating positions in the side-impact crash test. Model tested with standard side-impact head curtain air bags. U.S. government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (NCAP) (safercar.gov).

[†]OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Subscription Service Agreement required. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.ca for OnStar's Terms and Conditions, Privacy Statement and details and system limitations.

^{††}Turn-by-Turn Navigation not available in certain areas. Availability impacted by some geographical/cellular limitations, advisor assisted-routing available. Visit onstar.ca for coverage map.

The top outer corner of the exterior rear-view mirrors on LT and LTZ models houses a blind spot convex mirror that increases your ability to see vehicles moving on either side of you, reducing a traditional blind spot. Another thoughtful touch.

SIX AIR BAGS

Traverse is equipped with six standard air bags:* dual frontal air bags, side-impact seat-mounted air bags for the driver and front passenger, plus head curtain side-impact air bags that provide protection for all three rows of seating.

FULL-TIME ALL-WHEEL DRIVE (AWD)

Traverse is offered with standard front-wheel drive or available all-wheel drive. In normal conditions, the available full-time AWD system sends most of its torque to the front wheels. When wheel slippage is detected, the system automatically adjusts torque distribution to each wheel, maximizing the available grip.

GM OIL LIFE MONITORING SYSTEM

Reducing the frequency of oil changes is the goal of this computer-based system. It assesses the condition of the engine oil based on vehicle operating data and then alerts when a change is required. The environment benefits, and you do too with reduced frequency of oil changes and lower operating costs.

TIRE PRESSURE MONITORING SYSTEM

Under-inflation causes tires to overheat and wear faster and also reduces fuel efficiency. The standard tire pressure monitoring system uses sensors to detect when tire pressure is too low in any tire, except the spare. The system then displays a warning on the Driver Information Centre.

BODY-FRAME INTEGRAL ARCHITECTURE

Traverse's body-frame integral architecture is both light in weight for increased fuel efficiency and exceptionally rigid providing impressive strength. The structure allows for a low step-in height and more refined, car-like handling.

HIGH-STRENGTH STEEL

Traverse's structural rigidity and crash protection is enhanced by the high-strength steel used in its frame. The primary load paths employ ultra-high-strength steel that is four times stronger than conventional carbon steel. The dual-phase steel used in other critical areas is three times stronger than conventional steel.

AN INTELLIGENT APPROACH TO POWER.

Power alone is not enough – in today's world fuel efficiency is also critical. Traverse answers with its advanced 3.6L V6 engine that features Spark Ignition Direct Injection (SIDI) and Variable Valve Timing (VVT), both of which serve to boost output while using less fuel. Direct injection also helps reduce emissions, particularly during cold weather starts. This technology helps accelerate Traverse confidently, generating 281 horsepower on LS and LT models – and 288 horsepower on LTZ. The engine is mated with a six-speed automatic transmission that further enhances fuel efficiency, enabling Traverse front-wheel-drive models to achieve 8.4 L/100 km highway ratings.* An intelligent brand of performance: Traverse.

*Based on GM Testing in accordance with approved Transport Canada test methods. Your actual fuel consumption may vary.

Traverse LTZ, shown in Silver Ice Metallic with available equipment.

TRAVERSE MODEL OVERVIEW

TRAVERSE LS

Traverse LS includes these standard features:

- 281 hp 3.6L V6 Spark Ignition Direct Injection (SIDI) Variable Valve Timing (VVT) engine
- GM Oil Life Monitoring System
- 6-speed automatic transmission
- 4-wheel disc brakes with ABS
- StabiliTrak electronic stability control system
- Traction control
- 17-in. wheels
- Tire pressure monitoring system
- Power exterior mirrors
- Chrome door handles
- Remote keyless entry system
- Seating for eight with front bucket seats, including manual 4-way driver's seat adjuster, Smart Slide flat-folding 2nd-row seat and 3rd-row 60/40 split-bench seat
- Power windows and door locks
- 6 air bags
- Tilt and telescoping steering column
- Cruise control
- 6-speaker sound system with CD player and MP3 playback
- XM Satellite Radio
- OnStar with 1 year of the Directions & Connections Plan with Turn-by-Turn Navigation

TRAVERSE 1LT

Traverse 1LT enhances the LS features with:

- 18-in. machined aluminum wheels
- Ultrasonic rear park assist
- Heated exterior mirrors with integral turn signals and convex spotter mirrors
- Power 8-way driver's seat adjuster
- Enhanced Driver Information Centre with exterior temperature and compass displays
- Leather-wrapped steering wheel with sound system controls
- Body-coloured bodyside and chrome beltline mouldings

TRAVERSE 2LT

Traverse 2LT enhances the 1LT features with:

- Power rear liftgate
- Rearview Camera System
- Seating for 7 with 2nd-row Smart Slide captain's chairs
- Tri-zone automatic climate controls
- Auto-dimming interior rear-view mirror
- Bose 10-speaker premium sound system with amplifier
- Bluetooth® connectivity
- Rear-seat audio controls
- Remote starter system
- Universal home remote

TRAVERSE LTZ

Traverse LTZ enhances the 2LT features with:

- 20-in. machined ultra-bright aluminum wheels
- Projector low beam with blue tint and halogen projector high beam headlights
- Body-coloured mouldings with chrome accents
- Dual chrome exhaust tips
- Seating for 7 with heated and cooled front bucket seats with driver's side memory, plus power 4-way front-passenger seat adjuster
- Perforated leather-appointed seating in front and 2nd-rows
- DVD-based navigation system with voice recognition and integrated Rearview Camera System display, plus XM NavTraffic
- 110-volt power outlet in back of front centre floor console
- Power fold feature added to exterior rear-view mirrors

INTRODUCING THE [YOUR NAME GOES HERE] MODEL.

Traverse appeals to your individuality. You can make your Traverse into one that is yours alone with the addition of Chevrolet Accessories. They not only add style and functionality, they are also the only accessories that are integrated into the process of designing your vehicle, ensuring that they look right and work right on your Traverse. And only Chevrolet Accessories are backed by the 3-year/60,000 km New Vehicle Limited Warranty.* They can also be included in your finance agreement through GMAC. Ask your dealer for a complete list of the Chevrolet Accessories available for Traverse, or visit gm.ca

*Whichever comes first, when permanently installed by the dealer at the time you purchase your new vehicle.

Chevrolet Accessories available for Traverse include:

- Head-restraint DVD system
- Two-way remote starter
- Chrome tubular assist steps
- Hard cargo carrier
- Side-window weather deflectors
- Cargo security shade
- Cargo convenience net
- Sunroof weather deflector
- Hitch-mounted bike/ski carrier
- Roof rack crossbars
- Premium all-season floor mats
- 20-in. wheels
- Moulded hood protector
- Portable music player cable.

ACCESSORIES

ONSTAR

OnStar** uses advanced communications technology to enhance your safety, security and convenience. OnStar Advisors can provide a wealth of information and perform a variety of diagnostic services. They can also provide assistance in an emergency. No wonder more than 5 million people have become OnStar subscribers and over 29 million calls are made each year on the built-in voice-activated, hands-free system. OnStar and 1 year of the Directions & Connections Plan are standard on all Traverse models. See your dealer for more information on plans and services.

**OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.ca for OnStar's Terms and Conditions, Privacy Statement and details and system limitations.

XM SATELLITE RADIO

What's convinced more than 9 million people to subscribe to XM Satellite Radio? How about the largest playlist on the planet, with musical genres that span everything from decades to dance, rock to rap and country to classical – broadcasting the most commercial-free music in digital quality sound? Or is it the news, talk, comedy and sports channels – including more than 1000 NHL games – and all available from coast to coast? Now with 130 channels to enjoy, XM has revolutionized radio as we know it. And now you can listen to XM Satellite Radio in your new Chevrolet. Ask your dealer for more information.

* Available in 10 Canadian provinces and the 48 contiguous United States. Monthly subscription sold separately after 3 trial months.

CAPACITIES	
Cargo volume, L (cu. ft.) – behind 3rd-row seats – with 3rd-row seats folded – with 2nd- and 3rd-row seats folded	691 (24.4) 1948 (68.8) 3296 (116.4)
Fuel tank, L (imp. gal.)	83.0 (18.2)
Towing max. kg (lb.) ^{††}	2359 (5200)

^{††}When properly equipped. Trailer towing capacity is the weight of the trailer, its load or contents plus any other weight added to the tow vehicle. Optional equipment, passenger or cargo will reduce trailer towing capacity. All towing recommendations are subject to change. Trailer tongue load should be 10% of the maximum trailer weight but should not exceed the load rating specified for the vehicle, engine or hitch combination. Many trailer towing applications require additional optional equipment. See your dealer or refer to the Traverse Owner's Manual for details. For more information on trailer towing go to gm.ca.

*OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4-ONSTAR (1-888-466-7827) or visit onstar.ca for OnStar's Terms and Conditions, Privacy Statement and details and system limitations.
^{††}Audible Turn-by-Turn Navigation availability impacted by some geographical/cellular limitations, advisor-assisted routing available.
[‡]All-season tires may not satisfy winter tire requirements in all regions of the country. Tires specifically designed for severe winter conditions and marked with the "winter tire" symbol  may be required during certain months or in certain regions. Contact your Provincial, Municipal or local road authority for information regarding which tires are required in your particular area.
[†]XM NavTraffic is available in select North American markets. In Canada, at time of printing, incident data is available for three metropolitan areas (Vancouver, Toronto and Montreal). Limited flow data is available for Toronto.
[‡]Available in all 10 Canadian provinces and the 48 contiguous United States. Monthly subscription sold separately after 3 trial months.

S – Standard. O – Optional individually or in combination with other optional equipment.
1 – Includes interior rear-view auto-dimming mirror with OnStar controls.
2 – Not available with Trailer Towing Package.
3 – Included with available DVD entertainment system.
4 – Leather-appointed seats on front and 2nd-rows only, 3rd row is vinyl covered.
5 – Included with available navigation system.

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your GM dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

A WORD ABOUT ASSEMBLY

GM vehicles are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

TRADEMARKS

The marks appearing in this brochure including, but not limited to: General Motors, GM, the GM emblem, the GM Canada website address, Chevrolet, the Chevrolet emblem, Traverse and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as Solar-Ray and StabiliTrak are trademarks of General Motors Corporation and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.

GMAC is a registered trademark of the General Motors Acceptance Corporation of Canada, Limited.
OnStar and the OnStar emblem are registered trademarks of the OnStar Corporation.
